The News.

Those persons who entertained fears that Mr. Lincoln's backbone would not be sufficiently stiff during the conference just held with the rebel peace commissioners, will have all doubts removed by the perusal of the report of said commissioners herewith published. According to their story, Mr. Lincoln placed himself immovably upon high union grounds, insisting that the integrity of the nation must be preserved at all hazards and the laws of Congress relating to slavery enforced, while if peace was soon made, the Executive clemency would be stretched to its utmost limit to meet the necessities of the case. The dispatches also contain the note of Jeff Davis to the rebel Congress, covering the report of his commissioners in which he howls about the passage of the anti slavery amendment to the constitution. It will be seen that the rebels are endeavoring to make a handle of the President's firmness to inspirit their faltering and disheartened followers. Davis made a speech recently in which he promised his deluded hearers to die an indefinite number of deaths in the last ditch before surrendering.

Interesting details of Grant's late movement will be found in another column.

THIRD WISCONSIN CAVALRY.—A member of the 3d Wisconsin Cavalry writes to a friend in this city giving the losses of that regiment in the fight at Dardonville, Ark., on the 14th of January.

The following is a list of casualities:

William Ellis, orderly sergeant, Company K, flesh wound in thigh.

—— Halm, Co. H, wound on head, slight.

W. S. Long, Co. G, wound in thigh.

Geo. Dawson, Co. G, contusion on head from spent ball.

Wm. H. Kroll, Co. I, wounded in fore-arm, bad.

Killed.—Riley Stillman, Co. I.

Taken Prisoners.—John Spencer Co. I, and Ithamar Hart, Co. L, from Elkhorn.

OUR MADISON CORRESPONDENT.—As the reader has probably observed, the GAZETTE's legislative correspondent accompanies the joint committee in their visits to the different Benevolent Institutions of the State. As a consequence, we shall be without our regular Madison letter for a few days longer until he returns to his post at the capital. In the meantime his letters from the different institutions will be of interest, while we shall make a note of any thing important that may transpire in the Legislature.

THE BRIDAL OF FREEDOM.—A lady writing to the New York *Independent* the day after the passage of the emancipation of Missouri, dropped the following little morceau of prose, poetry and sentiment:

"Last night was a still, white night. The snow lay over all this Southern land, and in sunlight on the snow. It was a meet adorning of our beautiful Missouri for the vow of her bridal with Freedom. We sang 'Glory Hallelujah!'"

THE navigation of the Mississippi, from St. Louis to the mouth, is perfectly unobstructed. The enemy appear to have abandoned in despair their policy of obstructing the navigation of the Father of Waters. Hundreds of craft plow its waters in peace and quietness, and are entirely unmolested. Since Hood's disasterous defeat, the enemy appear to have lost all heart and enterprise.

MOTION TO RAISE.—We observe that Hon. George C. Williams (Dem.) of Washington county, has introduced a bill into the Legislature providing for the ratification of the Congressional amendment abolishing slavery.

What are our Union members of the House about that the democrats are allowed to steal their thunder?

H. S. FOOTE is in Baltimore, under guard. He regards the Southern Confederacy as played out, and desires to go to Sonora, which we suppose to be the "sequestered spot" of which he spoke with so much pathos a little while ago.

THE latest discovery in the petroleum line, is near Palmyra, Jefferson county, where Scuppernong creek gives unmistakable indications. Enterprising citizens have made arrangements to test the matter.

OUT of 500 rebel prisoners selected for exchange in Camp Chase, Ohio, 260 voted to remain in prison. Of 3,223 in Camp Douglas, at Chicago, 715 refused to be exchanged.

THE Missouri Senate has passed a bill to prevent any incorporated company from employing a disloyal person, under penalty of $100 fine.

FROM late New Orleans dispatches we learn that the rebels are moving their powder magazines from Mobile to Selma, Alabama.

THE recent military order disbanding the state troops in Kentucky, has been rescinded by direction of the War Department.

GENERAL John A. McClernand has written a letter heartily endorsing the amendment to the Constitution abolishing slavery.

THE wife of a distinguished citizen of Boston has just given birth to a fine boy. The father has determined to christen him "Constitutional Amendment."

MAXIMILLIAN'S NEW EMPIRE!

His Prospects Considered Dubious!

FROM GRANT'S ARMY.

ARMY OF THE POTOMAC, Feb. 8.—The fight near Hatcher's Run yesterday was one of the most severe that has taken place in this army for some time, and taking into consideration the unfavorable character through which the troops have to move, and the large force opposing their advance, it is not strange that the enemy should gain a temporary advantage. The country from the crossing of the Run to Dabney's Mills, is very wooly with swamps and ravines running through it in all directions, and the only road is a narrow by road not wide enough to allow two wagons to pass, and in many places in very bad condition.

The 3d division of the 5th corps, advanced, supported by the 1st and 2d divisions, and also by a brigade of the 6th corps. The enemy were driven to and beyond the Mill on this road, about three miles from the crossing line of breastworks, and there were not less than four divisions of the enemy opposing our men, namely: Mahone's, Pegram's, Heath's and Jordan's old division, the latter three opposing the 5th corps, while Mahone's, acting independently, engaged Gregg on the Vaughn road for some time, when Gregg ordered his cavalry to dismount, and held his opponent back, inflicting some loss. Mahone failing to accomplish anything in this operation, wheeled round and marching on a by road running northwestwardly, struck the left flank of the 5th corps, doubling it up and causing it to fall back on its center. The woods here being so thick as to render the formation of a continuous line impossible, the command became somewhat confused and the heavy fire which was poured in by Mahone's men, made things still worse and in a few minutes the entire line left their position falling back rapidly towards the point they started from. The fear of being cut off from the crossing at the Vaughn road increased the confusion, and for a short time it seemed as though a regular panic had seized upon our men, but upon reaching the open country on the Vaughn road and finding no enemy there, the bridges all safe and in the possession of our troops, they became reassured and in a short time the greater part of the corps were in line ready to meet the enemy as soon as he should appear. A few minutes after when they did show themselves at the edge of the wood, they were met by such a storm of bullets as to send them back into the woods very quickly.

Our loss during the day amounts to about 600 and that of Sunday to about 240, making a total for two days of about 800 killed, wounded and missing. The loss of the enemy is not known but is believed to be fully as large as ours. We took about 180 prisoners, among whom are a number of officers.

Notwithstanding a severe storm of rain which set in last night and continued all day to-day freezing as it fell, the 3d division of the 5th corps advanced to the point it reached yesterday at Dabney's Mills driving the rebels before them and into their works beyond. The casualities in this affair have not yet been reported but are said to be very few. This was all the fighting done to-day. Our permanent lines now extend from what was formerly the extreme left at Fort Cummings on the Squirrel level road to and across Hatcher's Run at Armstrong's Mill, with the advance well out towards Dabney's Mills, all of which ground had been wrested from the enemy in the past three days and makes the line much safer and more formidable than before.

NEW YORK, Feb. 10.—The *Tribune's* Special from Headquarters, dated the 7th, says that among the wounded in the fight between the 5th corps and the enemy, on the Boydstown plank road last night, were Gen. Ayers, commanding the 2d division of the 5th corps, in the shoulder severely; Gen. Gwyn, commanding the 3d brigade of the 2d division, in the foot slightly, still on duty; Captain Gawthrop, Adj't. Gen. of the 3d brigade, 2d division, in the hip, slightly; and Major Carter, Inspector Gen. of the 2d brigade, 2d division, in the neck slightly.

It is reported to day that we have 800 rebel prisoners. Thirty-six hundred men with entrenching tools and rations, are coming up, and it is the determination to hold the five miles gained on the left of our old fortified lines, at all hazards. This gain as I have said, brings us to the Boydstown plank road, and within easy artillery range of the South Side Railroad.

Thus Lee has again been outgeneraled, and another Yankee trick played upon the main army of the Confederacy.

Wednesday Morning, Feb. 8th, 8 o'clock.—A bright sunny morning dawns upon the army operations and cheers the hearts of the brave soldiers who have just endured and accomplished so much. The new gain of five miles on our left is being strongly fortified this morning, and will be held at all hazards. This is a magnificent gain for us, and a corresponding loss to the enemy. The cavalry are still reconnoitering to the west and southwest.

It has been developed by this movement that Lee had sent several divisions of his troops against Sherman, thus materially weakening his lines here. Our Army Line railroad is to be immediately pushed out to the Boydstown plank road, and will soon no doubt be connected with the South Side railroad.

FROM THE SOUTH.

NEW YORK, Feb. 10.—Gen. Lee gives the following doleful account of the fighting below Petersburg:

HEADQUARTERS ARMY OF NORTHERN VIRGINIA, Feb. 6.—*To Gen S. Cooper.*—The enemy moved a strong force yesterday, to Hatcher's Run, and part of his infantry, with Gregg's cavalry, crossed and proceeded on the Vaughn road, the infantry to Cat Tail Creek and the cavalry to Dunwiddie Court House, where its advance encountered a portion of our cavalry, and returned in the afternoon. Part of Hill's and Gordon's troops demonstrated against the enemy on the left of Hatcher's Run, near Armstrong's Mill, but finding him entrenched there, withdrew after dark. During the night, the force that had advanced beyond the Creek returned to it, and were reported to be re-crossing. This morning, Pegram's division moved to reconnoiter, when it was vigorously attacked. The battle was obstinately contested several hours, but Pegram being killed while bravely encouraging his men, and Col. Hoffman wounded, some confusion occurred, and the division was pressed back to its original position. Evans's division was ordered by Gen. Gordon to the support of Pegram's, and charged the enemy and forced him back, but was in turn compelled to retire. Mahone's division arriving, the enemy was driven rapidly to the defences in Hatcher's Run. Our loss is reported to be small. That of the enemy is not supposed to be great.

R. E. LEE.

NEW YORK, Feb. 9.—During the discussion in the rebel Senate Monday last on the bill to place slaves in the rebel army, Jeff Davis, opponents again deals out their denunciations on him for not restoring Gen Joe Johnson to his command. Semmes of Louisiana, one of Jeff's supporters, gave them to understand that all their abuse would have no effect, and that Gen. Johnson would not be again placed in any important position because he was deemed incompetent.

Breckenridge has been confirmed rebel Secretary of War and Gen. Echols has succeeded to his command.

WASHINGTON, Feb. 9.—The Richmond *Whig* of the 7th inst., says the following documents were laid before Congress this morning:

To the Senate and House of Representatives of the Confederate States of America:

Having recently received a written notification which satisfied me that the President of the United States was disposed to confer informally with unofficial agents that might be sent by me with the view to the restoration of peace, I requested Hon. Alex. H. Stephens, Hon. R. M. T. Hunter and Hon. Jno. A. Campbell to proceed through our lines to hold a conference with Mr. Lincoln, or such person as he might depute to represent him. I herewith submit for the information of Congress, the report of the eminent citizens above named, showing how the enemy refuse to enter into negotiations with the Confederate States, or any one of them separately, or give our people any other terms or guarantee than those which a conqueror may grant, or permit us to have peace on any other basis than our unconditional submission to their rule, coupled with the acceptance of their recent legislation including an amendment to the Constitution, for the emancipation of negro slaves and with the right on the part of the federal Congress to legislate on the subject of the relation between the white and black people of each state. Such is as I understand, the effect of the amendment to the Constitution, which has been adopted by the Congress of the United States.

(Signed,) JEFFERSON DAVIS.

RICHMOND, Feb. 5.—*To the President of the C. S.*—SIR,—Under your letter of appointment of the 29th ult., we proceeded to seek an informal conference with Abraham Lincoln, President of the United States, upon the subject mentioned in your letter. The conference was granted and took place on the 30th ult., on board a steamer anchored in Hampton Roads, with the President and Hon. Mr. Seward, Secretary of State of U. S. It continued several hours and was both full and explicit. We learned from them that the message of President Lincoln to the Congress of the United States, in December last, explains clearly and distinctly his sentiments as to terms and conditions and method of proceeding by which peace can be secured to the people, and we were not informed that they would be modified or altered to obtain that end.

We understand from him that no terms or proposals of any treaty or a permanent looking to an ultimate settlement would be entertained or made by him with the authorities of the Confederate States, because that would be a recognition of their existence as a seperate power, which under no circumstance would he done, and like reasons; that no such terms would be entertained by him from the States seperately; that no extended truce or armistice as at present advised, would be granted or allowed without satisfactory assurances in advance of a complete restoration of the authority of the Constitution and laws of the United States and all places within the States of the Confederacy, and that whatever consequences may follow from the re-establishment of that authority must be accepted, but that the individual, subject to pains and penalties under the laws of the United States might rely upon a very liberal use of the power confided to him to remit those pains and penalties if peace be restored during the conference.

The proposed amendment to the Constitution of the United States adopted by Congress on the 31st ult. was brought to our notice. This amendment provides that neither slavery nor involuntary servitude except for crime, should exist within the jurisdiction of the United States. Congress should have power to enforce this amendment by appropriate legislation of all the conference therein mentioned and leading to the same you have heretofore been informed.

Very respectfully your ob't serv'ts,
ALEX. H. STEPHENS,
R. M. T. HUNTER,
J. A. CAMPBELL.

PETERSBURG, Feb. 6.—The enemy yesterday advanced in heavy force down the Vaughn road, and seized the crossing at Hatcher's Run, driving back our pickets at that point. They also occupied Armstrong's Mill and the crossing above, holding both points with infantry, while their cavalry swept around our forces, and advanced on Dunwiddie Court House. Gen. Lee met their advance there, and after a sharp engagement, drove them back. At the same time the enemy made demonstrations at other points on our right, but were easily repulsed.

The enemy's cavalry have retired beyond Hatcher's Run. There was no heavy infantry fighting. The enemy extended but did not advance their line. They captured a few and lost some prisoners. They also lost several forage wagons.

Our latest Mobile dispatches state that there are from 4,000 to 6,000 of the enemy at Pascagoula with strong entrenchments. The entrenchments are to secure them from movements from this side or it may be to favor a camp to gather supplies.

The *Carolinian* says enemy are occasionally shelling our line from his gunboats, which are on the Sound and in the river. Our men are in excellent spirits and not at all discouraged by the enemy's naval demonstrations.

A deserter came into our lines yesterday, who reports that Admiral Porter and General Terry are both awaiting orders from Washington. Having accomplished the object of the expedition by the capture of Ft. Fisher, the enemy will not attempt any new movement until further orders. It is reported that the enemy are raiding through the county of Branchville.

No news was received at the War Department last night from South Carolina. It was currently reported however, that Sherman had made a lodgment on the railroad between Branchville and Augusta. The only fact confirming this report, is the interruption of telegraph communication with Augusta, yesterday morning.

Gen. Beauregard made a speech at Augusta recently. He reviewed briefly his military career from the firing of the first gun at Sumpter to the present time, and he wanted them to know that he intended to fight to the bitter end and if he failed he could pay his passage to some foreign country.

NEW YORK, Feb. 10.—The Richmond *Dispatch* says the meeting called by Gov. Smith on reception of the news of the result of the peace intereiew was more largely attended than any meeting ever held in Richmond. Jeff Davis made a speech in which he said he had entertained but little hope of effecting a peace on honorable terms so long as the cause was meeting with reverses, yet with indifference to the sufferings of the people he had consented to make the effort to obtain that independence which no other power on the earth but the Yankees would think of denying. As to the conditions of peace, Davis emphatically asserted that nothing save the independence of the Confederacy could ever receive his sanction, and with the approval of Providence which he conscientiously believed was on their side, and the united resolve of the people, he doubted not that victory would yet crown their labors. Before re-uniting he would yield up everything he had on earth, and sacrifice a thousand lives. He spoke three-quarters of an hour in this strain.

A series of resolutions denouncing President Lincoln's terms, and expressive of gratitude to the soldiers and pledging [illegible] were adopted, amid great cheering and honors to the cause, were adopted.

Loud calls were made for Stephens and Hunter, but they did not respond.

A great war meeting was called to meet Thursday, (yesterday,) at which Messrs Stephens, Hunter, and other leading men were announced to speak.

In the rebel Senate on Monday, Mr. Semmes of La., in reply to a demand for re-instating Gen. Joe Johnston, said he had never won a pitched battle, that in the retreat from Dalton he lost 22,000 men and that it was his intention to abandon Atlanta.

Wigfall, of Texas, defended Johnston and denounced the administration.

FROM MEXICO.

NEW YORK, Feb. 9.—The steamer *Moro Castle* brings Havanna dates to the 4th. Advices from Mexico show that the Imperial forces were concentrating about Oaxaca and will probably capture the place, but in the meantime nearly the whole of the State of Jalisco is free from invaders and have thrown off the yoke of the Imperialists so that other work will be ready for them after the fall of Oaxaca. Indeed the whole country will have to be conquered and re-conquered and Maximilian prospects are very dubious. Guerrillas are very troublesome.

Reports of revolutions in the city of Mexico, though denied, officially continue.

The Juarists attacted Toluca and captured the town of Watchoc. Acapulco has been abandoned.

Ortega has 20,000 insurgents in Morelia.

The Imperialist Gen. Vega was defeated and shot at El Fuerte in Senalon. The Imperialists were able to hold the city of Tacetecas three days.

FROM THE GULF.

NEW YORK, Feb. 10.—The *Herald's* Key West correspondent says the wreckers have set fire to and totally destroyed all that portion above the water of the U. S. steamer, San Jacinto, wrecked a short time ago on No Name Key, Bahamas, and they afterwards attacked the ship wrecked off Yores, but were stoutly resisted, though a number of shots were exchanged. No one was reported injured.

Two more English blockade runners, the *Augusta* and *Fanny*, were captured by the United States steamer *Honey Suckle*.

The schooner *Fox* had arrived at Key West.

The *Herald's* New Orleans correspondent says supplies have been forwarded to our prisoners at Camps Grace and Ford in Texas. Col. Dwight has no doubt these supplies have been delivered, as in all cases in which he has sent money to our prisoners, he has received receipts from them afterwards.

FROM NEW YORK.

NEW YORK, Feb. 9.—The Government has awarded contracts for 7,000 bbls of flour at 10.35 and 11.00. There is little export demanded.

FROM THE PLAINS.

NEW YORK, Feb. 6.—The *Tribune* learns from Ben Holliday, the contractor for the overland route, that the report of the re-opening of that line was an error. For a distance of 320 miles, Mr. Holliday's stations are destroyed and the stock withdrawn, and business cannot be resumed until the stations are rebuilt and corn and forage supplied.

FROM NEW ORLEANS.

NEW YORK, Feb. 9.—By the steamer *Gen. Barnes* we have the New Orleans *Times* of the 1st. The only item is a statement that a gentleman who left Mobile on the 16th ult. states that paper that the powder from the magazines was rapidly going to Selma.

FROM MISSOURI.

ST. LOUIS, Feb. 10.—Legislature yesterday passed a concurrent resolution to adjourn on the 20th inst. to the 1st of November next. A resolution was passed declaring the intention of State to pay its indebtedness.

THE JANESVILLE GAZETTE.—We publish to-day the prospectus of this paper for 1865. We do this with pleasure, not only because we esteem its publishers personally, but on account of the great improvement they have made in it as a newspaper during the year it has been under their control. Its make-up, editorials, and general appearance, are highly credible, both to the publishers and the city from which it emanates; and though its correspondence is not so extensive as that of the large Chicago and Milwaukee, dailies, it gives enough to keep its readers well posted on the state of the country, while the low price at which it is afforded (only two-thirds that of the Chicago dailies) renders it just the paper for the man of moderate means. The *Weekly Gazette* is a good family paper, and we know of no other weekly except the Monroe *Sentinel* which we can with more confidence recommend to the people of Green County.—*Monroe Sentinel.*

THE Delevan *Republican* records the death of Mr. J. S. Officer, Principal of the Wisconsin Institute for Deaf & Dumb.

In the Massachsetts Legislature the Constitutional Amendment was ratified by an unanimous vote.

THE Vice President elect is seriously indisposed, having been confined to his bed for several days.

THE safe in the County Treasurer's office at Adrian, Michigan, was robbed of $20,000 on Tuesday night.

ABOUT one million dollars a day is now raised by the General Government from taxes.

The thinking and unbiased portion of the community will appreciate the great advantage of a permanent and [illegible] Institute for the cure of chronic diseases that [illegible] to the public.

Catarrh, that great promoting cause of consumption in the Northwest, always gives way upon application of the new remedies. Dr. Hale has never encountered a case of this disease he could not cure. The present season is very favorable for applying proper remedies; delay is dangerous. Your case may be cured this month or next, to-day, not to-morrow.

All who are suffering from any of the diseases Dr. Hale makes a specialty in treating, should at least call and investigate the new system for themselves. No person of good sense and sound judgment will, without full and careful investigation, denounce a "humbug" that which claims to possess merit.

Dr. Hale takes pleasure in referring to the following responsible parties, citizens of Janesville, who can speak knowingly as to the efficacy of Dr. Hale's treatment, not to mention hundreds of others in the Northwest that have been cured:

SEVEN MONTHS IN REBEL PRISONS.

[From the Cincinnati Gazette.]

[CONTINUED.]

THE UNION FLAG AS A PRISON COMPANION.

Among the Northern citizen prisoners of the same mess as myself was a sailor named John Lovell. He had preserved from his vessel, before she was burned, a small Union flag, and in his long captivity had managed to keep it from the eyes of the authorities. Often I have seen him go in secret and look with admiration and as love on that emblem of freedom, and as often heard him make some exclamation of pride and prophecy as to its future. By the treachery of some one the authorities were made aware that such an article was in his possession and the prison clerk, a most perfidious specimen of manhood, sent word to some of the rebel convicts telling them where it was, and to get it. They came armed with clubs and knives and made the demand. With much reluctance and tearful eyes he gave it up. They immediately formed a procession and marched around the yard, trailing the flag in the dust. The feelings of Union prisoners cannot be described—tears coursed down their cheeks, and many then and there declared that revenge should come. It came, for soon after ten thousand Federal soldiers were added to our number, who, when they heard of the dishonor of their flag, whipped every rebel and Yankee deserter that could be found.

THE OCTOBER INFLUX OF PRISONERS.

These prisoners came during the first week of October, and were placed in the open yard, without shelter of any kind. The yard was increased to the size of about six acres, and after several days of rain some tents were furnished. These were distributed so that each hundred men received two tents—one Sibly and one wedge tent. Not more than half the men could get in them, and the balance dug holes in the ground—burrowed under the houses and built huts of mud. Nearly all had been robbed by the rebels of their blankets, overcoats, knapsacks; in short of every article of vaule about them. Many came without boots or shoes, some without hats, numbers had no blouses and all were too thinly clad for the season. These poor men told the stories of the robberies that had been committed upon them and their poor frames soon showed the unmistakable effects.

THE SALISBURY PRISON RATION.

While in this dreadful condition, the rations were most scanty. Some received from four to six ounces of coarse corn bread, others received a little raw meal with the cob ground in it—while some divisions of one thousand men each, were without any food for twenty-four hours. In addition to the bread, they issued about a half pint of thin rice soup each day, and two and three times a week they issued from two to four ounces of beef—this was sometimes the heads and shanks of cattle, and was not always very sweet.

PRISONERS EAT RATS AND DOGS TO PREVENT STARVATION.

I have seen the prisoners eat the raw flesh from sheep's head, and they were known to eat rats and dogs, and in one instance a cat that had belonged to our mess. Many could be seen searching the yard for bones, to crush for their marrow, and scraps of any kind of meat. I saw a man in front of a hospital, so emaciated that he could scarcely walk, gather up the vomit of a sick man, who had but a short time before thrown it up.

THE SUPPLY OF WATER AND FUEL.

The water in the camp was not sufficient for drinking purposes alone, and men were constantly suffering with thirst. They were standing at the wells all night drawing in their cups, not being able to get more than a pint at a time, and that very muddy. Some water was carried from a creek outside, but the supply was always as scanty as I have described. The supply of wood was not sufficient to keep the men warm. Six sticks or what three men could carry was the allowance for one hundred men, and this too, when the weather was so cold that men had their feet frozen in the camp.

THE HOSPITALS AND THE SICK.

The number of sick men during the first week that the prisoners came was so great that the surgeon in charge saw the necessity of enlarging his hospital accommodations, and begun the work. I was appointed General Superintendent of all the hospitals, with instructions to appoint ward masters, attendants, &c., and have the sick carried to the hospitals and cared for. There were no beds, blankets, quilts or anything of the kind furnished, with the exception of one old ward, containing forty beds. Some straw was furnished but when it was worn out and thrown away, the quartermaster was so slow to get any more, that the men one-half of the time laid on the bare floor. No garments were to be had, so that the poor fellows were compelled to lie in their often dirty and filthy clothing, and so closely were they crowded together that they could nor move without touching each other. The scarcity of water was such that none could be washed, and soap, bandages and other necessary articles were also very scarce.

THE HOSPITAL RATION.

The rations consisted of about seven ounces of wheat bread, from four to six ounces of meat, about three times each week, and rice soup daily. A few sweet potatoes were issued in lieu of beef. In the space of two months I had purchased from our own hospital fund sixteen bushels of potatoes at a cost of $335 rebel currency, but these did not go very far, as we had six hundred patients.

OUTSIDE THE HOSPITALS.

The hospitals were always crowded to their utmost capacity, and there remained as many sick outside. These were in the tents, in the holes in the ground, and under the various buildings. At the Surgeon's call, which usually took place every day, from nine to twelve hundred applied for medicines. Many were carried there by their comrades, but such was the crowded condition of the hospitals that many were refused admittance. Of these some died before being taken back to their tents. The Surgeons visited the patients in the hospitals daily, and some of them were very kind; but so limited was their stock of medicines, and so miserably situated were the men that medical aid could do but little good. Those sick in the tents were administered to by one of my journalistic friends and myself—and so numerous were these cases that neither of us had any rest from our labors until late at night.

PRISONERS STARVED TO LUNACY AND DEATH.

The deaths were very numerous, and at the time when two thousand had been admitted to the hospitals, over one thousand had died. About *twenty per cent.* of all in the prison died in sixty days. Some were found dead about the yard every morning—men who had actually starved to death. Others for want of food, became insensible, and would lie down, apparently unconscious of what was going on about them; others became lunatics. One man, a printer by profession—quite intelligent and of good address—asked me to appoint him to assist in the hospitals; he said that the prison rations were insufficient, and that he was actually starving. The applications for situations were then more than a hundred, and there were no vacancies. I supplied his immediate hunger, but in a few days saw him in the hospital, a raving maniac.

NO BREAD FOR THE SICK.

I have mentioned the amount of the hospital rations, but they were very irregular, and sometimes not to be had. In my diary I find the following entries:

Nov. 5—No bread for the sick.
Nov. 6—No bread in hospitals.
Nov. 10—Very short rations in hospitals; men are starving; had only rice soup to-day.
Nov. 11—Made potato soup, bought from our fund. It was relished by these poor fellows who had been so short of food.

THE PRISON YARD.

The yard was in a very filthy condition, and after a rain it was with difficulty that one could walk through it. At such times it was truly sickening to witness the sufferings of the men; some, shoeless wading about in the mud; others, with but thin garments, shivering from wet and cold; and scores came to me for admittance to the hospitals begging for some shelter and food, that their lives might be spared until they could once more see their dear friends at home. It is needless to say that they were admitted so long as their was room, but I could do but little to satisfy their hunger, for I was often scantily supplied, and would have continued so, but for kind friends who purchased a few articles for me outside.

RECRUITING THE REBEL ARMY.

In the midst of all the suffering and starvation the rebels came into the prison for volunteers to their army, and offered as an inducement that they should have good and ample rations. The first day three hundred went out, and among them were men who told me that they went to keep from starving. These men I was told were taking to Columbia, S. C., and other places, to do garrison duty. During the whole time I think that about one thousand or twelve hundred enlisted.

AN ATTEMPT TO OVERPOWER THE GUARD.

The inhumanity of the rebels was the cause of an attempt on the part of the prisoners to break out; and on the 25th of November a few of the men, desperate from their treatment, not having received a morsel to eat for forty-eight hours, determined to carry their project into effect, and procure some food or die, saying "we might as well die one way as another." They organized, and wrested about a dozen guns from the relief guard that came inside, but the party who were to break down the fence, failed. At this moment the guards on the fence with all in camp commenced firing into the prison yard, and continued to do so for *half an hour.* In the meantime they discharged two rounds of grape and canister; fifteen prisoners were killed and about sixty wounded. Very few persons had any previous knowledge of the insurrection, which was soon manifest to the guard, but the rebels continued to fire on them, killing numbers who were sitting in their tents, many of whom were partially undressed.

PRISONERS MURDERED IN COLD BLOOD.

Willful shooting of prisoners was not uncommon. Scarcely a day or night passed but some were wantonly shot by the guards. On October 9th, Lieutenant John Davis, of the 158th New York, was shot by a guard without any challenge and for no cause. Frank Graham, Co. D, 60th Ohio, was shot on the 8th of December, by a guard, who said that he saw three niggers in range, and he wanted to kill them, and to do this he went off his own beat to shoot.

Moses Smith (colored) was on the 16th of December, deliberately shot in the back of the head by a guard who stood on the fence, while the man was over fifty feet from the dead line.

Those named above were killed instantly.

On the 3d of November two men were shot under the following circumstances: A large chimney was in process of construction in the large building; the bricks were so poor that after reaching the third story the bottom crushed out and the whole pile came down, covering up several patients in the lower room, which was used as a hospital. Being close by I was at the door in a moment, and allowed a sufficient number of men to clear away the rubbish and exhume the men. The commandant of the post came on the fence and called some of the guards to disperse the crowd—probably fifty persons stood about the door who immediately went away. Same minutes after two men came walking across the yard toward the hospital, one a patient of the convalescent ward—before these men were within fifty feet of the building, and without any warning whatever, the guards fired, wounding both of them. The act was considered and denounced as atrocious by one of the rebel surgeons, and it was the belief that the commandant—Major Gee—gave the order to shoot. One of these men died and the other was in a precarious condition when I last saw him.

REBEL TREATMENT OF DEAD PRISONERS.

The disposition of the dead was always to us very painful. The rebels came in wiht a wagon and took the corpses out in loads piled two and three high—throwing them about as dead brutes—no coffins were ever furnished, except for a few citizens. I had some difficulty in procuring these, and in answer to all my applications. Quartermaster Mason Morfit replied, "We don't furnish coffins for Yankees;" but by perseverance and the plea that these men had been long in prison and had been well behaved, I got an order for the coffins from another officer. The men were buried in trenches and no mark or number was made to distinguish one from another. None of us were ever allowed to go to the graveyard, although frequent applications were made to follow a brother or dear friend to his last resting place.

IMPRISONED NORTHERN CIVILIANS AT SALISBURY.

There are at Salisbury prison about one hundred and seventy citizens of Northern and border States. Those of the Northern States were captured in Maryland and Pennsylvania, and some on board of small vessels at sea. These men have been imprisoned for many months—many a year and a half. The rebels have no charges against them, but hold them, as they say, as "hostages for the good treatment of Confederate prisoners in the North." These men are all highly respectable and some of them gray with age. They are fed as scantily as the soldiers, but have shelter. Their quarters are in a two and a half story house about 18x20 feet in size. Each room is very much crowded; all sleep on the floor, and have to lie so close that there is no room to step among them. The health of many is becoming much impaired from their treatment, and when I left several were lying on the floor sick and without medical attendance from the rebels. Two young medical students—Federal prisoners—Dr. Parker and Dr. Kauffman, were bestowing much care and attention upon the sick men, and their professional services were invaluable to many of the soldiers. The citizens of Maryland, North Carolina and Tennessee are charged with being traitors to the so called Confederacy, and have been told that they are to be held until the rebels get possession of the States to which they belong, when they will be tried by the State Court for Treason. These threats do not intimidate them, and they remain steadfast to the cause of the old Union. The citizen prisoners of the loyal States are almost without hope; they rejoice at news of an exchange, because of their desire for the release of the soldiers. They have not been included in the cartel, and nearly all special efforts have proved unavailing, yet they bear their imprisonment and bad treatment with a fortitude eminently commendable, and continue to hate their oppressors to as great an extreme as they love their own dear country.

DOTY'S

CLOTHES-WASHERS

Are SIMPLE, DURABLE & CHEAP,

MAKE WASHING EASY,

And SAVE CLOTHES.

These Washers were exhibited at the great New England Fair of 1864, won the admiration of thousands, and were awarded a splendid Diploma; also at the Wisconsin and Pennsylvania State Fairs of 1864, they were awarded the first premium.

To Wool Growers!

Wool fleeces may be washed in these Machines at the rate of a *fleece in two minutes*, without tearing them apart, and the wool brings the price of *tub-washed wool*, which is *five to eight cents per pound more* than that washed on the sheep. This is very important to every wool grower.

They are recommended as the Very Best in Solon Robinson's great new work, "Facts for Farmers," by ORANGE JUDD, proprietor of the *American Agriculturist* and by other prominent men.

It gives us great pleasure to be able to afford these great household blessings at the following comparatively trifling cost, which is a reduction of about 20 per cent. on former prices:

Small Size, at Janesville,	$9.50
Family " " "	10.50
Hotel " " "	13.50

The above prices include Faucet. Machines with plug instead of faucet, 60 cents less.

Full Directions for Using are Attached to Each Machine.

Any person purchasing a Washer of us may return the same and have the purchase money refunded, if, after four weeks fair trial according to directions, it fails to give satisfaction.

Many of our Washers are now in use in Janesville, and we sub join the following testimonials:

From Rev. G. W. Lawrence:

MR. DOTY—I confess I have been quite skeptical in regard to the utility of washing machines, until we gave yours a trial. Having tested it thoroughly, we are fully prepared to say, unsolicited, that we regard it as a capital machine. The principle upon which it works is the true one—removing the dirt effectually without injuring the clothes in the slightest manner. My wife endorses it heartily as a labor-saving machine, and considers it truly a "Paragon." With "Doty's Paragon Clothes Washer," and the "Universal Clothes Wringer," washing day is no longer dreaded as in days of yore. G. W. LAWRENCE.
JANESVILLE, Nov. 11th, 1864.

Messrs. Doty Bros.:

GENTLEMEN—I have had in use one of your Washing Machines since May last. We have tried other inventions but they have invariably proved worthless after a few weeks use. Yours is the only invention that has stood a satisfactory test in my family. It works admirably, and is a great labor saving machine—while in point of economy it has no equal. It has more than saved its cost already in the diminished wear of clothing, as compared with any other process of washing with which I am familiar. No family can well afford to be without one. Yours truly,
JANESVILLE, Dec. 16th, 1864. A. PALMER.

Sewing Machines.

WILCOX & GIBBS'

SEWING MACHINE!

Will Stitch, Hem, Fell, Tuck, Cord, Bind, Braid, Quilt and Embroider beautifully. It will, with the finest needle and thread, run from perfect work on the finest Nainsook, over the heaviest beaver cloth and cowhide, with no change of needle, thread or tension.

Wilcox & Gibbs Sewing Machine

will use coarse *cotton, linen, silk and twine*. It runs easier, faster and stiller than any other machine. It forms a flat, even and elastic seam, differing from every other stitch, each loop being *twisted* by means of the

"ROTATING HOOK,"

and drawing the twist *into the goods*, thus securely fastening every stitch, so that the seam will bear to be cut at frequent intervals, and in that case even, the seam is warranted NOT TO RIP in wear, and under all circumstances to "*survive the washtub.*" Old worn out family garments, bosoms, pants, dresses, &c., have been submitted to Committees at Fairs where was the *greatest competition*, and to THIS STITCH premiums have been awarded for its SUPERIORITY, DURABILITY, ELASTICITY AND BEAUTY.

A Patented Device *prevents the possibility of the machine being run in the wrong direction*, or the balance wheel ever wearing or touching the dress. By another ingenious Patent improvement,

The Needle Cannot be Set Wrong.

Thus avoiding the great trouble of other machines. In this it is so easy that a child may set it in the dark with unerring correctness every time.

NO BREAKING OF NEEDLES.

The blade of the needle is less than ¾ of an inch long, and is straight. It is less than half the length of other machine needles, many of which are curved, therefore more easily bent or broken—a great source of annoyance, expense and trouble. The Hemmer and Feller can never be set wrong. Any one may adjust them *in the dark*. The hem may be of any width. No other hemmer or feller is like this. It turns the hem on the right or upper side, as you want it.

IT WILL NOT DROP STITCHES;

As the needle is always set right, the blade short and straight does not vibrate, like longer ones.

Wilcox & Gibbs Sewing Machine

Is run by steam at 4000 stitches per minute—other machines only at 400 to 1200, with safety. They are manufactured with

MATHEMATICAL PRECISION,

Hence each part is interchangeable, and can be readily placed in case of accident.

THEY WILL NOT GET OUT OF ORDER

We have known it intimately for several years. Many thousands are already in use here, and so far as we know, not one in family use has ever cost a dime to repair, or ever been out of order at all. They will last a generation, if properly cared for. None who have used it can be persuaded to use any other.

Wilcox & Gibbs Sewing Machine

Works at an instant's notice, and never stops "unaccountable." Not one operator in ten on the Wilcox & Gibbs will break a needle or drop a stitch in a year. The Wilcox & Gibbs in the hands of any one, knows no "skips," "drops," "jumps" or "misses." The soundness, evenness, durability and beauty of its stitch

WERE NEVER EQUALED.

Its rapidity, absolute stillness, ease of motion, narrowness and neatness of its seam and Fell were never approached by any other machine. We can call in any boy or girl from the street, and with three minutes instruction they will set the needle, attach the Hemmer, or Feller, and do the work, with entire success. A blind girl, with the exception of threading the needle, can do the same. Many ladies owning other first-class machines, come to our office to do their fine hemming and felling on the Wilcox & Gibbs Machine.

The press universally pronounce this the best family sewing machine in the world.

We are General Agents for

BARNUM'S SELF-SEWER,

FOR ALL SEWING MACHINES.

It guides the work itself, thus avoiding the bent posture and strain on the eyes. Price $1.50. Large discount to Agents.

Editors who desire one of these machines on half advertising contracts, can insert this advertisement, send us their paper, and get a machine at any time.

We take other machines in exchange. We sell Oil, Cotton, Silk, Twist and Needles for every kind of sewing machine.

We attend to the repairing of all kinds of machines.

Price of Machines, with hemmer, feller, gauge, oil can, extra needles, full directions, &c., from $56 to $175.

JANESVILLE DAILY GAZETTE.

DAWN OF PEACE.

[For the Gazette.]

Calm thy wildness, bounding spirit,
Nor command thy joy to cease;
Thou hast waited long to hear it.
Hear the gladsome sound of peace;
And behold its dawning neareth;
Breaks the darkness from the day;
Bright its twilight ray appeareth
Praise the Lord, the more it nigh!

Long we prayed and hoped and waited,
For the dawning of the day,
When the spirit, sorrow freighted,
Might its sorrow roll away.
But the night, so dark and dreary,
Gave no promise of the dawn,
Till the spirit, worn and weary,
Felt its last hope almost gone.

But the light is breaking slowly;
Loose the clouds their deepest shade;
God hath heard his children lowly,
While in darkness they have prayed.
Raise the shout of exultation!
For beneath his chastening rod,
Purified, behold our nation,
Washed in blood, shall honor God!

Only mourn and yet the spirit
Trembles with a thrill of bliss:
O, the noonday it can wear it,
With its greater joy than this!
Can it be—O, thought of glory!
That the tramp of war shall cease;
That his mantle, red and gory,
Shall withdraw, revealing peace!

Man no more shall hunt his neighbor,
As the hound his scented prey,
But shall learn in love to labor
For the good he sought to slay.
Hushed shall be the shriek o' battle;
Stilled the cannon's booming roar;
Pennons shall exhale the conflict's rattle,—
Peace shall reign forever more!

Home returning heroes sharing
Blessings of a grateful land,
For their deeds of noble daring,
'Neath their banners proudly stand:
Earth sounds up a shout of glory;
Heaven re-echoes it again,
Till all hearts have learned the story,—
"Peace on earth good will to men."

Wait the open arms of mothers,
Wait the sister and the wife,
Wait to greet returning brothers
Sons and husbands from the strife.
Gladsome tears are quickly rolling
Down the veteran soldier's cheek;
Through his tears are smiles revealing
More of joy than words could speak.

But alas! how many lonely
Bleeding hearts shall wait in vain;
Wait to hear this message only,
"He shall never come again."
They are freedom's great peace offering,
Slain a sacrifice for right;
That the nation, through their suffering,
From transgression might be clean.

Aye, the morn of peace is nigh us;
If we soul the sign aright;
Darkness fast is disappearing,
Like the gloomy shade of night.
In the bugle's rally hear it,
Read it 'mid the battle's smoke;
Render thanks, exulting spirit,
God's own voice the mandate spoke!

IRRITATION OF THE NECK OF THE BLADDER, INFLAMMATION OF THE KIDNEYS, ATTACK OF THE BLADDER,
STRANGUARY AND BURNING, OR PAINFUL URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of the Constitution Water will relieve you like magic.

PHYSICIANS

Have long since given up the use of buchu, cubebs and juniper in the treatment of these diseases, and only use them for the want of a better remedy.

CONSTITUTION WATER

has proved itself equal to the task that has devolved upon it.

DIURETICS

irritate and drench the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful for curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician.

IN DYSMENORRHŒA, OR PAINFUL MENSTRUATION, AND MENORRHAGIA, OR PROFUSE FLOWING.

both diseases arising from a faulty secretion of the menstrual fluid—in one case being too little and accompanied by severe pain, and the other a too profuse secretion, which will be speedily cured by the Constitution Water.

That disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and abdomen, and at times accompanied by chorea, lancinating or shooting pains through the genital organs, is speedily cured by the use of this medicine.

There is another class of complaints arising from IRRITATION OF THE WOMB, which physicians call Nervousness, which would cover up much ignorance, and fit nine cases out of ten the doctor does not really know whether the symptoms are the disease or the disease the symptoms. We can only enumerate them here. We speak more particularly of Cold Feet, Palpitation of the Heart, Impaired Memory, Wakefulness, Flushes of Heat, Languor, Lassitude, and Dimness of Vision.

SUPPRESSED MENSTRUATION.

Which in the unmarried female is a constant recurring disease, and through neglect the seeds of more grave and dangerous maladies are the result: and as month after month passes without an effort being made to assist nature, the suppression becomes chronic, the patient gradually loses her appetite, the bowels are constipated, night sweats come on, and consumption finally ends her career.

From the Hon. Thomas B. Florence.
From the Hon. Thomas B. Florence.
From the Hon. Thomas B. Florence.

WASHINGTON, Jan. 1st, 1864.

Gentlemen:—Having stated it verbally to you, I have no hesitation in writing the fact, that I experienced perfect benefit from your Hoofland's German Bitters, while suffering a long and tedious session of Congress, pressing and onerous duties nearly prostrated me. A kind friend suggested the use of the preparation I have named. I took his advice, and the result was improvement of health, renewed energy, and that particular relief I so much needed and obtained. Others may be similarly advantaged if they desire to be.

Truly your friend, THOMAS B. FLORENCE.

From John B. Witherbum, Esq., firm of Witherbum and Hutchinson, the celebrated manufacturers of fancy Iron Works, 259 Canal street:

I am the recipient from you of one of the greatest favors that can be conferred upon man, viz: that of health. For many years I suffered from one of the most annoying and debilitating complaints that the human family can be afflicted with, Chronic Diarrhœa.

During the long time I was suffering from this disease, I was attended by regular physicians, giving me but temporary relief. The cause seemed to remain until I was induced to try Hoofland's German Bitters. After the use of a few bottles of that valuable medicine, the complaint appeared to be completely eradicated.

I often inwardly thank you for such a valuable specific, and, when I have an opportunity, cheerfully recommend it, with full confidence in its reliability.

Truly yours, JOHN B. WITHERBUM.
New York, Feb. 2, 1864.

From Julius Lee, Esq., firm of Lee & Walker, the most extensive Music Publishers in the United States, No. 722 Chestnut street, Philadelphia.

February 8th, 1864.

Messrs. Jones & Evans—Gentlemen: My mother-in-law has been so greatly benefitted by your Hoofland's German Bitters that I concluded to try it myself. I find it to be an invaluable tonic, and unhesitatingly recommend it to all who are suffering from dyspepsia. I have had that disease in its most obstinate form—flatulence—for many years, and your Bitters has given me one, when everything else had failed.

Yours truly, JULIUS LEE.

From the Hon. Jacob Broom.

PHILADELPHIA, Oct. 7th, 1863.

Gentlemen:—In reply to your inquiry as to the effect produced by the use of Hoofland's German Bitters in my family, I have no hesitation in saying that it has been highly beneficial. In one instance, a case of Dyspepsia of thirteen years' standing, and which had become very distressing, the use of one bottle gave decided relief, the continued use of which, for a short time, has confirmed the cure, for there has been no symptoms of its return for the last six years. In my individual use of it, I find it to be an unequalled tonic and sincerely recommend its use to the sufferers.

Truly yours, JACOB BROOM, 1707 Spruce.

From Rev. W. D. Seigfried, Pastor of the 12th Baptist Church:

PHILADELPHIA, December 20th, 1863.

Messrs. Jones & Evans—Gentlemen: I have recently been laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and whose favorable mention of the Bitters induced me also to try them. I must confess that I had an aversion to Patent Medicines, from the "wholesale and retail" quack "Bitters," whose only aim seems to be to palm off sweetened and drugged liquor upon the community, in a sly way; and the tendency of which, I fear, is to make many a confirmed drunkard. Upon learning that yours was really a medical preparation, I took it with happy effect. Its action not only upon the stomach, but upon the nervous system, was prompt and gratifying. I feel that I have derived great and permanent benefit from the use of a few bottles.

Very respectfully yours, W. D. SEIGFRIED,
No. 254 Shackamaxon Street.

From the Rev. Thos. Winter, D. D., Pastor of Roxbury Baptist Church:

Dr. Jackson—Dear Sir: I feel it due to your excellent preparation, Hoofland's German Bitters to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so, and have experienced great and unexpected relief; my health has been very materially benefitted. I confidently recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects.

Respectfully yours, J. WINTER,
Roxbourough, Pa.

From Rev. J. S. Herman, of the German Reformed Church, Kutztown, Berks county, Pa.

Dr. C. Jackson—Respected Sir: I have been troubled with Dyspepsia nearly twenty years, and have never used any medicine that did me as much good as Hoofland's German Bitters. I am very much improved in health, after having taken five bottles.

Yours, with respect, J. S. HERMAN.

These Bitters are prepared, in pure Bourbon Whiskey, from a combination of over twenty different kinds of roots, barks and herbs, which act in perfect concert one with other, prepared from the original formula given by the great chief, Red Jacket, to Dr. Chapin, who used them successfully in his practice for many years, and by their use gained as great a popularity in the treatment and cure of Dyspepsia, Liver Complaint, Constipation, Sick and Nervous Headache, Fever and Ague, and all diseases arising from torpid liver or indigestion. Persons suffering from either of these loathsome diseases will find a sure cure by the use of these Bitters, which are perfectly pure and free from all those drugs and poisons usually put up in such preparations and palmed off on an unsuspecting public. A single trial will convince the most skeptical that in the RED JACKET there is virtue which no other Bitters possess.

They are unequaled for general debility.
They are a sure cure for dyspepsia.

SECOND WARDERS, Do not forget the meeting at the Court House THIS EVENING. The progress that has been made in filling the quota will be reported.

LOST.—Yesterday afternoon, either on Main or Milwaukee streets, a brown Moire Antique Belt Ribbon with a pearl slide. As the slide was highly valued as a present from a friend, you will confer a great favor on the owner by leaving it at this office.

AN oyster supper and other refreshments for the benefit of the North Janesville Soldiers' Aid Society will be given at the residence of John Jones, in the town of Janesville on Wednesday evening, February 15th, 1865.

All interested are respectfully invited.

d2t* BY ORDER OF COMMITTEE.

WE ARE informed that the Lecture Committee of the Young Men's Association have been for several weeks making every effort to engage John B. Gough to deliver a lecture in this city; but his previous engagements were such that they have been unable to accomplish their purpose. In the early part of the season the association might have secured him, but his charges $200 per night, would have rendered the expenses of the lecture so great that it was deemed inadvisable in view of past experience to make the engagement. An effort is now being made however, which, it is hoped, will result in enabling the citizens of Janesville to hear this distinguished orator before he leaves the West.

In the meantime, we would suggest to the committee that they engage Mr. A. D. Richardson of the N. Y. *Tribune* who has just been released from an eighteen month's confinement in the rebel prisons of the South. His lecture would draw largely. He may be addressed at the *Tribune* office.

SUDDEN DEATH.—Miss Louisa Palmer met with a very sudden death last evening while skating on the pond near the depot in the First Ward. The deceased had been suffering from a lung difficulty for some time, and was not feeling very well on Wednesday, but no serious consequences were entertained. Last evening after having skated a few minutes, the young man in company with her, noticed her sink down in a fainting fit, as he supposed, and went immediately to her assistance. Some little efforts were made to restore her to consciousness, but failing in these, she was carried to the house of Dr. Barrows near by, quite dead. Physicians were immediately called who pronounced it a case of congestion of the lungs—attended with a disease of the heart, probably. Of course there are a large number of conflicting rumors afloat in regard to the sad affair—such as that the deceased fell upon the ice fracturing her skull, and that her death was caused by coming in violent contact with another person, &c. &c.; all of which are untrue.

Miss Palmer was in her 19th year. Her father is a member of the 12th Battery.

Letter from Magnolia.

Editors Gazette:—I have read with interest the communications from several towns in the county, and have looked weekly for one from Magnolia; but as none of our adepts seem interested in the affair, I assume the privilege of giving you a brief sketch, which, of course, you are at liberty to give place in your columns or not.

Magnolia is in the west tier of towns in in the county, and due west of Janesville. She is intersected by the Madison branch of the Chicago & Northwestern Railway, which has a depot located in the east part of the town, where Mr. George Howard has purchased and shipped to market several thousand bushels of grain during the past season, and I am told has a large quantity on hand waiting shipment.

We have two post-offices in town. The one at the station is called Cainville, which by the way, did not derive its name from Cain who killed Abel, but from our worthy fellow-citizen, S— Cain, Esq., on whose premises it was located. Magnolia Corners, a small village situated one and three-fourths miles west of the railroad, has a church, store, hotel, blacksmith shop and two shoe shops. We polled at the last election one hundred and eighty votes, one hundred and forty-two of which were Union, and the rest rather "coppery." We have a Good Templar's Lodge with nearly one hundred members, but not a drunkard manufactory in the place. The indispensible *Gazette* is found in nearly every family. Several citizens have contributed liberally for the benefit of our noble boys in uniform, but we are laboring without the advantage of a regularly organized Aid Society.

MAGNOLIA.

CITY NOTICES.

feb9dtfe614.

IT will not be forgotten that Dimock still represents all the big leading companies of New York and Hartford, such as the Old Ætna, Home, Hartford, Phœnix, International, Security and many others equally sound and reliable. *Twenty Millions represented.* feb9dtfe618.

THE Lorrilland Fire Insurance Company of New York is now represented by Dimock. They have cash assets amounting to *more* than three-quarters of a million of dollars and divide annually 75 per cent. of their profits among policy holders.

feb9dtfe615.

THE *Venerable* Old North American Insurance Company of New York, has recently been added to Dimocks list of Sound Old Eastern Companies.

The North American was established in 1823, and now has nearly one-million of cash assets, and divides 75 per cent of its profits to policy holders, febdtfe617.

ON ALL sides we hear the merits of the Grover & Bakers Sewing-Machine extolled. The ladies declare it the "very best," and prove it to us in so many undeniable facts that we are bound to confess our conviction of the truth of the declaration. What other machine will embroider so beautifully, braid so elegantly, hem so faultlessly, quilt so evenly, stitch so accurately, gather so regularly, operate so easily? *None*, we conscientiously affirm.

GOTTSCHALK ON KNABE.

[Translated from the French.]

After having played on the Pianos of Messrs. Knabe & Co., it is impossible not to bear testimony to the qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of the manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, crystalined, and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal (*if not superior* to the best manufactured in Europe or this country by the most celebrated makers.

Persons unacquainted with the Melodeon and its history, will bear in mind that we are the pioneers and leading manufacturers, not only in the United States, but in the world. We commenced the manufacture of Melodeons in the fall of the year 1847, and since that time have finished and sold

THIRTY THOUSAND!

These instruments are now in use mostly in the United States and Canada, also in Europe, Asia, Africa, South America and the West Indies, and from all these quarters we have the most flattering testimonials of the high estimation in which they are held. At all Industrial Exhibitions, they have invariably been

AWARDED THE HIGHEST PREMIUM!

whenever exhibiting in competition with others. We shall take pleasure in forwarding by mail (at our own expense) our Illustrated Catalogue, in which every instrument we manufacture, is fully described and illustrated by elegant engravings.

All Melodeons of our manufacture, either sold by us or dealers in any part of the United States or Canada, are warranted to be perfect in every respect, and should any repairs be necessary before the expiration of five years from the date of sale, we hold ourselves ready and willing to make the same free of charge, provided the injury is not caused by accident or design.

CAUTION.

We daily see advertisements of some new reed instrument, with strange name, purporting to be superior to Melodeons and School Organs. A new exterior and a new name will naturally attract attention; but the public will bear in mind that *all Reed Instruments*, now manufactured in the United States and Canada, are, *as near as they can be made without infringing our patents*, copies of our own.

Agents for the sale of our Melodeons can be found in all the principal towns of the United States and Canadas. Address either

The News.

Those persons who entertained fears that Mr. Lincoln's backbone would not be sufficiently stiff during the conference just held with the rebel peace commissioners, will have all doubts removed by the perusal of the report of said commissioners herewith published. According to their story, Mr. Lincoln placed himself immovably upon high union grounds, insisting that the integrity of the nation must be preserved at all hazards and the laws of Congress relating to slavery enforced, while if peace was soon made, the Executive clemency would be stretched to its utmost limit to meet the necessities of the case. The dispatches also contain the note of Jeff Davis to the rebel Congress, covering the report of his commissioners in which he howls about the passage of the anti slavery amendment to the constitution. It will be seen that the rebels are endeavoring to make a handle of the President's firmness to inspirit their faltering and disheartened followers. Davis made a speech recently in which he promised his deluded hearers to die an indefinite number of deaths in the last ditch before surrendering.

Interesting details of Grant's late movement will be found in another column.

THIRD WISCONSIN CAVALRY.—A member of the 3d Wisconsin Cavalry writes to a friend in this city giving the losses of that regiment in the fight at Dardonville, Ark., on the 14th of January.

The following is a list of casualities:

William Ellis, orderly sergeant, Company K, flesh wound in thigh.

—— Halm, Co. H, wound on head, slight.

W. S. Long, Co. G, wound in thigh.

Geo. Dawson, Co. G, contusion on head from spent ball.

Wm. H. Kroll, Co. I, wounded in forearm. bad.

Killed.—Riley Stillman, Co. I.

Taken Prisoners.—John Spencer Co. I, and Ithamar Hart, Co. L, from Elkhorn.

OUR MADISON CORRESPONDENT.—As the reader has probably observed, the GAZETTE's legislative correspondent accompanies the joint committee in their visits to the different Benevolent Institutions of the State. As a consequence, we shall be without our regular Madison letter for a few days longer until he returns to his post at the capital. In the meantime his letters from the different institutions will be of interest, while we shall make a note of any thing important that may transpire in the Legislature.

THE BRIDAL OF FREEDOM.—A lady writing to the New York *Independent* the day after the passage of the emancipation of Missouri, dropped the following little morceau of prose, poetry and sentiment:

"Last night was a still, white night. The snow lay over all this Southern land, and moonlight on the snow. It was a meet adorning of our beautiful Missouri for the eve of her bridal with Freedom. We sang 'Glory Hallelujah!'"

— THE navigation of the Mississippi, from St. Louis to the mouth, is perfectly unobstructed. The enemy appear to have abandoned in despair their project of obstructing the navigation of the Father of Waters. Hundreds of craft plow its waters in peace and quietness, and are entirely unmolested. Since Hood's disasterous defeat, the enemy appear to have lost all heart and enterprise.

MOTION TO RAIL.—We observe that Hon. George C. Williams (Dem.) of Washington county, has introduced a bill into the Legislature providing for the ratification of the Congressional amendment abolishing slavery.

What are our Union members of the House about that the democrats are allowed to steal their thunder?

H. S. FOOTE is in Baltimore, under guard. He regards the Southern Confederacy as played out, and desires to go to Sonora, which we suppose to be the "sequestered spot" of which he spoke with so much pathos a little while ago.

THE latest discovery in the petroleum line, is near Palmyra, Jefferson county, where Scuppernong creek gives unmistakable indications. Enterprising citizens have made arrangements to test the matter.

OUT of 500 rebel prisoners selected for exchange in Camp Chase, Ohio, 260 voted to remain in prison. Of 3,223 in Camp Douglas, at Caicago, 715 refused to be exchanged.

THE Missouri Senate has passed a bill to prevent any incorporated company from employing a disloyal person, under penalty of $100 fine.

FROM late New Orleans dispatches we learn that the rebels are moving their powder magazines from Mobile to Selma, Alabama.

THE recent military order disbanding the state troops in Kentucky, has been rescinded by direction of the War Department.

GENERAL John A. McClernand has written a letter heartily endorsing the amendment to the Constitution abolishing slavery.

THE wife of a distinguished citizen of Boston has just given birth to a fine boy. The father has determined to christen him "Constitutional Amendment."

MAXIMILLIAN'S NEW EMPIRE!

His Prospects Considered Dubious!

FROM GRANT'S ARMY.

ARMY OF THE POTOMAC, Feb. 8.—The fight near Hatcher's Run yesterday was one of the most severe that has taken place in this army for some time, and taking into consideration the unfavorable character through which the troops have to move, and the large force opposing their advance, it is not strange that the enemy should gain a temporary advantage. The country from the crossing of the Run to Dabney's Mills, is very wooly with swamps and ravines running through it in all directions, and the only road is a narrow by road not wide enough to allow two wagons to pass, and in many places in very bad condition.

The 3d division of the 5th corps, advanced, supported by the 1st and 2d divisions, and also by a brigade of the 6th corps. The enemy were driven to and beyond the Mill on this road, about three miles from the crossing line of breastworks, and there were not less than four divisions of the enemy opposing our men, namely: Mahone's, Pegram's, Heath's and Jordan's old division's, the latter three opposing the 5th corps, while Mahone's, acting independently, engaged Gregg on the Vaughn road for some time, when Gregg ordered his cavalry to dismount, and held his opponent back, inflicting some loss. Mahone failing to accomplish anything in this operation, wheeled round and marching on a by road running northwestwardly, struck the left flank of the 5th corps, doubling it up and and causing it to fall back on its center. The woods here being so thick as to render the formation of a continuous line impossible, the command became somewhat confused and the heavy fire which was poured in by Mahone's men, made things still worse and in a few minutes the entire line left their position falling back rapidly towards the point they started from. The fear of being cut off from the crossing at the Vaughn road increased the confusion, and for a short time it seemed as though a regular panic had seized upon our men, but upon reaching the open country on the Vaughn road and finding no enemy there, the bridges all safe and in the possession of our troops, they became reassured and in a short time the greater part of the corps were in line ready to meet the enemy as soon as he should appear. A few minutes after when they did show themselves at the edge of the wood, they were met by such a storm of bullets as to send them back into the woods very quickly.

Our loss during the day amounts to about 600 and that of Sunday to about 200, making a total for two days of about 800 killed, wounded and missing. The loss of the enemy is not known but is believed to be fully as large as ours. We took about 180 prisoners, among whom are a number of officers.

Notwithstanding a severe storm of rain which set in last night and continued all day to-day freezing as it fell, the 3d division of the 5th corps advanced to the point it reached yesterday at Dabney's Mills driving the rebels before them and into their works beyond. The casualties in this affair have not yet been reported but are said to be very few. This was all the fighting done to-day. Our permanent lines now extend from what was formerly the extreme left at Fort Cummings on the Squirrel level road to and across Hatcher's Run at Armstrong's Mills, with the advance well out towards Dabney's Mills, all of which ground had been wrested from the enemy in the past three days and makes the line much safer and more formidable than before.

NEW YORK, Feb. 10.—The *Tribune's* special from Headquarters, dated the 7th, says that among the wounded in the fight between the 5th corps and the enemy, on the Boydstown plank road last night, were Gen. Ayers, commanding the 2d division of the 5th corps, in the shoulder severely; Gen. Gwyn, commanding the 3d brigade of the 2d division, in the foot slightly, still on duty; Captain Gawthrop, Adj't. Gen. of the 3d brigade, 2d division, in the hip, slightly; and Major Carter, Inspector Gen. of the 2d brigade, 2d division, in the neck slightly.

It is reported to day that we have 800 rebel prisoners. Thirty-six hundred men with entrenching tools and rations, are coming up, and it is the determination to hold the five miles gained on the left of our old fortified lines, at all hazards. This gain as I have said, brings us to the Boydstown plank road, and within easy artillery range of the South Side Railroad.

Thus Lee has again been outgeneraled, and another Yankee trick played upon the main army of the Confederacy.

Wednesday Morning, Feb. 8th, 8 o'clock.—A bright sunny morning dawns upon the army operations and cheers the hearts of the brave soldiers who have just endured and accomplished so much. The new gain of five miles on our left is being strongly fortified this morning, and will be held at all hazards. This is a magnificent gain for us, and a corresponding loss to the enemy. The cavalry are still reconnoitering to the west and southwest.

It has been developed by this movement that Lee had sent several divisions of his troops against Sherman, thus materially weakening his lines here. Our Army Line railroad is to be immediately pushed out to the Boydstown plank road, and will soon no doubt be connected with the South Side railroad.

FROM THE SOUTH.

NEW YORK, Feb. 10.—Gen. Lee gives the following doleful account of the fighting below Petersburg:

HEADQUARTERS ARMY OF NORTHERN VIRGINIA, Feb. 6.—*To Gen S. Cooper.*—The enemy moved a strong force yesterday, to Hatcher's Run, and part of his infantry, with Gregg's cavalry, crossed and proceeded on the Vaughn road, the infantry to Cat Tail Creek and the cavalry to Dunwiddie Court House, where its advance encountered a portion of our cavalry, and returned in the afternoon. Part of Hill's and Gordon's troops demonstrated against the enemy on the left of Hatcher's Run, near Armstrong's Mill, but finding him entrenched there, withdrew after dark. During the night, the force that had advanced beyond the Creek returned to it, and were reported to be re-crossing. This morning, Pegram's division moved to reconnoiter, when it was vigorously attacked. The battle was obstinately contested several hours, but Pegram being killed while bravely encouraging his men, and Col. Hoffman wounded, some confusion occurred, and the division was pressed back to its original position. Evans's division was ordered by Gen. Gordon to the support of Pegram's, and charged the enemy and forced him back, but was in turn compelled to retire. Mahone's division arriving, the enemy was driven rapidly to the defences in Hatcher's Run. Our loss is reported to be small. That of the enemy is not supposed to be great.

R. E. LEE.

NEW YORK, Feb. 9.—During the discussion in the rebel Senate Monday last on the bill to place slaves in the rebel army, Jeff Davis, opponents again deals out their denunciations on him for not restoring Gen Joe Johnson to his command. Semmes of Louisiana, one of Jeff's supporters, gave them to understand that all their abuse would have no effect, and that Gen. Johnson would not be again placed in any important position because he was deemed incompetent.

Breckenridge has been confirmed rebel Secretary of War and Gen. Echols has succeeded to his command.

WASHINGTON, Feb. 9.—The Richmond *Whig* of the 7th inst., says the following documents were laid before Congress this morning:

To the Senate and House of Representatives of the Confederate States of America:

Having recently received a communication which satisfied me that the President of the United States was disposed to confer informally with unofficial agents that might be sent by me with the view to the restoration of peace, I requested Hon. Alex. H. Stephens, Hon. R. M. T. Hunter and Hon. Jno. A. Campbell to proceed through our lines to hold a conference with Mr. Lincoln, or such persons as he might depute to represent him. I herewith submit for the information of Congress, the report of the eminent citizens above named, showing how the enemy refuse to enter into negotiations with the Confederate States, or any one of them separately, or give our people any other terms or guarantee than those which a conqueror may grant, or permit us to have peace on any other basis than our unconditional submission to their rule, coupled with the acceptance of their recent legislation including an amendment to the Constitution, for the emancipation of negro slaves and with the right on the part of the federal Congress to legislate on the subject of the relation between the white and black people of each state. Such is as I understand, the effect of the amendment to the Constitution, which has been adopted by the Congress of the United States.

(Signed,) JEFFERSON DAVIS.

RICHMOND, Feb. 5.—*To the President of the U. S.*—SIR,—Under your letter of appointment of the 29th ult., we proceeded to seek an informal conference with Abraham Lincoln, President of the United States, upon the subject mentioned in your letter. The conference was granted and took place on the 30th ult., on board a steamer anchored in Hampton Roads, with the President and Hon. Mr. Seward, Secretary of State of U. S. It continued several hours and was both full and explicit. We learned from them that the message of President Lincoln to the Congress of the United States, in December last, explains clearly and distinctly his sentiments as to terms and conditions and method of proceeding by which peace can be secured to the people, and we were not informed that they would be modified or altered to obtain that end.

We understand from him that no terms or proposals of any treaty or a permanent looking to an ultimate settlement would be entertained or made by him with the authorities of the Confederate States, because that would be a recognition of their existence as a seperate power, which under no circumstance would be done, and like reasons; that no such terms would be entertained by him from the States seperately; that no extended truce or armistice as at present advised, would be granted, or allowed without satisfactory assurances in advance of a complete restoration of the authority of the Constitution and laws of the United States and all places within the States of the Confederacy, and that whatever consequences may follow from the re-establishment of that authority must be accepted, but that the individual, subject to pains and penalties under the laws of the United States might rely upon a very liberal use of the power confided to him to remit those pains and penalties if peace be restored during the conference.

The proposed amendment to the Constitution of the United States adopted by Congress on the 31st ult. was brought to our notice. This amendment provides that neither slavery nor involuntary servitude except for crime, should exist within the jurisdiction of the United States. Congress should have power to enforce this amendment by appropriate legislation of all the conference therein mentioned and leading to the same you have heretofore been informed.

Very respectfully your ob't servt's,

ALEX. H. STEPHENS,
R. M. T. HUNTER,
J. A. CAMPBELL.

PETERSBURG, Feb. 6.—The enemy yesterday advanced in heavy force down the Vaughn road, and seized the crossing at Hatcher's Run, driving back our pickets at that point. They also occupied Armstrong's Mill and the crossing above, holding both points with infantry, while their cavalry swept around our forces, and advanced on Dunwiddie Court House. Gen. Lee met their advance there, and after a sharp engagement, drove them back. At the same time the enemy made demonstrations at other points on our right, but were easily repulsed.

The enemy's cavalry have retired beyond Hatcher's Run. There was no heavy infantry fighting. The enemy extended but did not advance their line. They captured a few and lost some prisoners. They also lost several forage wagons.

Our latest Mobile dispatches state that there are from 4,000 to 6,000 of the enemy at Pascagoula with strong entrenchments. The entrenchments are to secure them from movements from this side or it may be to favor a camp to gather supplies.

The *Carolinian* says enemy are occasionally shelling our line from his gunboats, which are on the Sound and in the river. Our men are in excellent spirits and not at all discouraged by the enemy's naval demonstrations.

A deserter came into our lines yesterday, who reports that Admiral Porter and General Terry are both awaiting orders from Washington. Having accomplished the object of the expedition by the capture of Ft. Fisher, the enemy will not attempt any new movement until further orders. It is reported that the enemy are raiding through the county of Branchville.

No news was received at the War Department last night from South Carolina. It was currently reported however, that Sherman had made a lodgment on the railroad between Branchville and Augusta. The only fact confirming this report, is the interruption of telegraph communication with Augusta, yesterday morning.

Gen. Beauregard made a speech at Augusta recently. He reviewed briefly his military career from the firing of the first gun at Sumpter to the present time, and he wanted them to know that he intended to fight to the bitter end and if he failed he could pay his passage to some foreign country.

NEW YORK, Feb. 10.—The Richmond *Dispatch* says the meeting called by Gov. Smith on reception of the news of the result of the peace intercieve was more largely attended than any meeting ever held in Richmond. Jeff Davis made a speech in which he said he had entertained but little hope of effecting a peace on honorable terms so long as the cause was meeting with reverses, yet with indifference to the sufferings of the people he had consented to make the effort to obtain that independence which no other power on the earth but the Yankees would think of denying. As to the conditions of peace, Davis emphatically asserted that nothing save the independence of the Confederacy could ever receive his sanction, and with the approval of Providence which he conscientiously believed was on their side, and the united resolve of the people, he doubted not that victory would yet crown their labors. Before re-uniting he would yield up everything he had on earth, and sacrifice a thousand lives. He spoke three-quarters of an hour in this strain.

A series of resolutions denouncing President Lincoln's terms, and expressive of gratitude to the soldiers and pledging their lives, fortunes and sacred honors to the cause, were adopted.

Loud calls were made for Stephens and Hunter, but they did not respond.

A great war meeting was called to meet Thursday, (yesterday,) at which Messrs Stephens, Hunter, and other leading men were announced to speak.

In the rebel Senate on Monday, Mr. Semmes of La., in reply to a demand for re-instating Gen. Joe Johnston, said he had never won a pitched battle, that in the retreat from Dalton he lost 22,000 men and that it was his intention to abandon Atlanta.

Wigfall, of Texas, defended Johnston and denounced the administration.

FROM MEXICO.

NEW YORK, Feb. 9.—The steamer *Moro Castle* brings Havanna dates to the 4th. Advices from Mexico show that the Imperial forces were concentrating about Oaxaca and will probably capture the place, but in the meantime nearly the whole of the State of Jalisco is free from invaders and have thrown off the yoke of the Imperialists so that other work will be ready for them after the fall of Oaxaca. Indeed the whole country will have to be conquered and re-conquered and Maximilian prospects are very dubious. Guerrillas are very troublesome.

Reports of revolutions in the city of Mexico, though denied, officially continue.

The Juarists attacted Toluca and captured the town of Watchoe. Acapulco has been abandoned.

Ortega has 20,000 insurgents in Morelia.

The Imperialist Gen. Vega was defeated and shot at El Fuerto in Senaloa. The Imperialists were able to hold the city of Tacetecas three days.

FROM THE GULF.

NEW YORK, Feb. 10.—The *Herald's* Key West correspondent says the wreckers have set fire to and totally destroyed all that portion above the water of the U. S. steamer, San Jacinto, wrecked a short time ago on No Name Key, Bahamas, and they afterwards attacked the ship wrecked off Yores, but were stoutly resisted, though a number of shots were exchanged. No one was reported injured.

Two more English blockade runners, the *Augusta* and *Fanny*, were captured by the United States steamer *Honey Suckle*.

The schooner *Fox* had arrived at Key West.

The *Herald's* New Orleans correspondent says supplies have been forwarded to our prisoners at Camps Grace and Ford in Texas. Col. Dwight has no doubt these supplies have been delivered, as in all cases in which he has sent money to our prisoners, he has received receipts from them afterwards.

FROM NEW YORK.

NEW YORK, Feb. 9.—The Government has awarded contracts for 7,000 bbls of flour at 10.85 and 11.00. There is little export demanded.

FROM THE PLAINS.

NEW YORK, Feb. 6.—The *Tribune* learns from Ben Holiday, the contractor for the overland route, that the report of the reopening of that line was an error. For a distance of 380 miles, Mr. Holiday's stations are destroyed and the stock with drawn, and business cannot be resumed until the stations are rebuilt and corn and forage supplied.

FROM NEW ORLEANS.

NEW YORK, Feb. 9.—By the steamer *Gen. Barnes* we have the New Orleans *Times* of the 1st. The only item is a statement that a gentleman who left Mobile on the 16th ult. states to that paper that the powder from the magazines was rapidly going to Selma.

FROM MISSOURI.

ST. LOUIS, Feb. 10.—Legislature yesterday passed a concurrent resolution to adjourn on the 20th inst. to the 1st of November next. A resolution was passed declaring the intention of State to pay its indebtedness.

THE JANESVILLE GAZETTE.—We publish to-day the prospectus of this paper for 1865. We do this with pleasure, not only because we esteem its publishers personally, but on account of the great improvement they have made in it as a newspaper during the year it has been under their control. Its make-up, editorials, and general appearance, are highly credible, both to the publishers and the city from which it emanates; and though its correspondence is not so extensive as that of the large Chicago and Milwaukee, dailies, it gives enough to keep its readers well posted on the state of the country, while the low price at which it is afforded (only two-thirds that of the Chicago dailies) renders it just the paper for the man of moderate means. *The Weekly Gazette* is a good family paper, and we know of no other weekly except the Monroe *Sentinel* which we can with more confidence recommend to the people of Green County. — *Monroe Sentinel.*

THE Delevan *Republican* records the death of Mr. J. S. Officer, Principal of the Wisconsin Institute for Deaf & Dumb.

In the Massachsetts Legislature the Constitutional Amendment was ratified by an unanimous vote.

THE Vice President elect is seriously indisposed, having been confined to his bed for several days.

THE safe in the County Treasurer's office at Adrian, Michigan, was robbed of $20,000 on Tuesday night.

ABOUT one million dollars a day is now raised by the General Government from taxes.

CATARRH, THROAT DISEASES!

ASTHMA, BRONCHITIS!

Early Stages of Consumption!

LIVER COMPLAINTS,

Diseases of Women!

And all other Complaints that Lead to Consumption,

Are treated by DR. HALE, at the

Wisconsin Throat & Lung Institute,

Myers' Block, Janesville,

by a *new method*, and with remedies that are eminently successful in the above class of chronic diseases.

The thinking and unbiased portion of the community will appreciate the great advantage of a permanent and reliable Institution for the cure of chronic diseases that usually baffle the skill of practitioners.

Catarrh, that great promoting cause of consumption in the Northwest, always gives way upon application of the new remedies. Dr. Hale has never encountered a case of this disease he could not cure. The present season is very favorable for applying proper remedies; delay is dangerous. Your case may be cured this month, not next, to-day, not to-morrow.

All who are suffering from any of the diseases Dr. Hale makes a specialty in treating, should at least call and investigate the new system for themselves. Any person of good sense and sound judgment will, without full and careful investigation, denounce a "humbug" that which claims to possess merit.

Dr. Hale takes pleasure in referring to the following responsible parties, citizens of Janesville, who can speak knowingly as to the efficacy of Dr. Hale's treatment, not to mention hundreds of others in the Northwest that have been cured:

M. Schuyler, proprietor of the Schuyler House; Duett Davis, N. G. Keniston, D. R. Stout, F. J. Tuppen, Ellis Doty, job printer, J. D. Hayner, W. H. Mann, L. C. Beckley, N. Rowe, John Kerr, J. F. Drake, Wm. Tyzer, Mrs. W. W. Wheeler, Mrs. C. J. Cheney, Miss Belle Shattuck, Miss N. Wiley.

The list could be extended to an indefinite length but the above will suffice.

☞ Consultations free. A friendly chat will cost you nothing.

SEVEN MONTHS IN REBEL PRISONS.

[CONTINUED.]

THE UNION FLAG AS A PRISON COMPANION.

Among the Northern citizen prisoners of the same mess as myself was a sailor named John Lovell. He had preserved from his vessel, before she was burned, a small Union flag, and in his long captivity had managed to keep it from the eyes of the authorities. Often I have seen him go in secret and look with admiration and love, on that emblem of freedom, and as often heard him make some exclamation of pride and prophecy as to its future. By the treachery of some one the authorities were made aware that such an article was in his possession, and the prison clerk, a most perfidious specimen of manhood, sent word to some of the rebel convicts telling them where it was, and to get it. They came armed with clubs and knives and made the demand. With much reluctance and tearful eyes he gave it up. They immediately formed a procession and marched around the yard, trailing the flag in the dust. The feelings of Union prisoners cannot be described—tears coursed down their cheeks, and many then and there declared that revenge should come. It came, for soon after ten thousand Federal soldiers were added to our number, who, when they heard of the dishonor of their flag, whipped every rebel and Yankee deserter that could be found.

THE OCTOBER INFLUX OF PRISONERS.

These prisoners came during the first week of October, and were placed in the open yard, without shelter of any kind. The yard was increased to the size of about six acres, and after several days of rain some tents were furnished. These were distributed so that each hundred men received two tents—one Sibly and one wedge tent. Not more than half the men could get in them, and the balance dug holes in the ground—burrowed under the houses and built huts of mud. Nearly all had been robbed by the rebels of their blankets, overcoats, knapsacks; in short of every article of vaule about them. Many came without boots or shoes, some without hats, numbers had no blouses and all were too thinly clad for the season. These poor men told the stories of the robberies that had been committed upon them and their poor frames soon showed the unmistakable effects.

THE SALISBURY PRISON RATION.

While in this dreadful condition, the rations were most scanty. Some received from four to six ounces of coarse corn bread, others received a little raw meal with the cob ground in it—while some divisions of one thousand men each, were without any food for twenty-four hours. In addition to the bread, they issued about a half pint of thin rice soup each day, and two and three times a week they issued from two to four ounces of beef—this was sometimes the heads and shanks of cattle, and was not always very sweet.

PRISONERS EAT RATS AND DOGS TO PREVENT STARVATION.

I have seen the prisoners eat the raw flesh from sheep's head, and they were known to eat rats and dogs, and in one instance a cat that had belonged to our mess. Many could be seen searching the yard for bones, to crush for their marrow, and scraps of any kind of meat. I saw a man in front of a hospital, so emaciated that he could scarcely walk, gather up the vomit of a sick man, who had but a short time before thrown it up.

THE SUPPLY OF WATER AND FUEL.

The water in the camp was not sufficient for drinking purposes alone, and men were constantly suffering with thirst. They were standing at the wells all night drawing in their cups, not being able to get more than a pint at a time, and that very muddy. Some water was carried from a creek outside, but the supply was always as scanty as I have described. The supply of wood was not sufficient to keep the men warm. Six sticks or what three men could carry was the allowance for one hundred men, and this too, when the weather was so cold that men had their feet frozen in the camp.

THE HOSPITALS AND THE SICK.

The number of sick men during the first week that the prisoners came was so great that the surgeon in charge saw the necessity of enlarging his hospital accommodations, and begun the work. I was appointed General Superintendent of all the hospitals, with instructions to appoint ward masters, attendants, &c., and have the sick carried to the hospitals and cared for. There were no beds, blankets, quilts or anything of the kind furnished, with the exception of one old ward, containing forty beds. Some straw was furnished but when it was worn out and thrown away, the quartermaster was so slow to get any more, that the men one-half of the time laid on the bare floor. No garments were to be had, so that the poor fellows were compelled to lie in their often dirty and filthy clothing, and so closely were they crowded together that they could nor move without touching each other. The scarcity of water was such that none could be washed, and soap, bandages and other necessary articles were also very scarce.

THE HOSPITAL RATION.

The rations consisted of about seven ounces of wheat bread, from four to six ounces of meat, about three times each week, and rice soup daily. A few sweet potatoes were issued in lieu of beef. In the space of two months I had purchased from our own hospital fund sixteen bushels of potatoes at a cost of $335 rebel currency, but these did not go very far, as we had six hundred patients.

OUTSIDE THE HOSPITALS.

The hospitals were always crowded to their utmost capacity, and there remained as many sick outside. These were in the tents, in the holes in the ground, and under the various buildings. At the Surgeon's call, which usually took place every day, from nine to twelve hundred applied for medicines. Many were carried there by their comrades, but such was the crowded condition of the hospitals that many were refused admittance. Of these some died before being taken back to their tents. The Surgeons visited the patients in the hospitals daily, and some of them were very kind; but so limited was their stock of medicines, and so miserably situated were the men that medical aid could do but little good. Those sick in the tents were administered to by one of my journalistic friends and myself—and so numerous were these cases that neither of us had any rest from our labors until late at night.

PRISONERS STARVED TO LUNACY AND DEATH.

The deaths were very numerous, and at the time when two thousand had been admitted to the hospitals, over one thousand had died. About *twenty per cent.* of all in the prison died in sixty days. Some were found dead about the yard every morning—men who had actually starved to death. Others for want of food, became insensible, and would lie down, apparently unconscious of what was going on about them; others became lunatics. One man, a printer by profession—quite intelligent and of good address—asked me to appoint him to assist in the hospitals; he said that the prison rations were insufficient, and that he was actually starving. The applications for situations were then more than a hundred, and there were no vacancies. I supplied his immediate hunger, but in a few days saw him in the hospital, a raving maniac.

NO BREAD FOR THE SICK.

I have mentioned the amount of the hospital rations, but they were very irregular, and sometimes not to be had. In my diary I find the following entries:

Nov. 5—No bread for the sick.

Nov. 6—No bread in hospitals.

Nov. 10—Very short rations in hospitals; men are starving; had only rice soup to-day.

Nov. 11—Made potato soup, bought from our fund. It was relished by these poor fellows who had been so short of food.

THE PRISON YARD.

The yard was in a very filthy condition, and after a rain it was with difficulty that one could walk through it. At such times it was truly sickening to witness the sufferings of the men; some, shoeless wading about in the mud; others, with but thin garments, shivering from wet and cold; and scores came to me for admittance to the hospitals begging for some shelter and food, that their lives might be spared until they could once more see their dear friends at home. It is needless to say that they were admitted so long as their was room, but I could do but little to satisfy their hunger, for I was often scantily supplied, and would have continued so, but for kind friends who purchased a few articles for me outside.

RECRUITING THE REBEL ARMY.

In the midst of all the suffering and starvation the rebels came into the prison for volunteers to their army, and offered as an inducement that they should have good and ample rations. The first day three hundred went out, and among them were men who told me that they went to keep from starving. These men I was told were taking to Columbia, S. C., and other places, to do garrison duty. During the whole time I think that about one thousand or twelve hundred enlisted.

AN ATTEMPT TO OVERPOWER THE GUARD.

The inhumanity of the rebels was the cause of an attempt on the part of the prisoners to break out; and on the 25th of November a few of the men, desperate from their treatment, not having received a morsel to eat for forty-eight hours, determined to carry their project into effect, and procure some food or die, saying "we might as well die one way as another." They organized, and wrested about a dozen guns from the relief guard that came inside, but the party who were to break down the fence, failed. At this moment the guards on the fence with all in camp commenced firing into the prison yard, and continued to do so for *half an hour.* In the meantime they discharged two rounds of grape and canister; fifteen prisoners were killed, and about sixty wounded. Very few persons had any previous knowledge of the insurrection, which was soon manifest to the guard, but the rebels continued to fire on them, killing numbers who were sitting in their tents, many of whom were partially undressed.

PRISONERS MURDERED IN COLD BLOOD.

Willful shooting of prisoners was not uncommon. Scarcely a day or night passed but some were wantonly shot by the guards. On October 9th, Lieutenant John Davis, of the 158th New York, was shot by a guard without any challenge and for no cause. Frank Graham, Co. D, 60th Ohio, was shot on the 8th of December, by a guard who said that he saw three niggers in range, and he wanted to kill them, and to do this he went off his own beat to shoot.

Moses Smith (colored) was on the 16th of December, deliberately shot in the back of the head by a guard who stood on the fence, while the man was over fifty feet from the dead line.

Those named above were killed instantly.

On the 3d of November two men were shot under the following circumstances: A large chimney was in process of construction in the large building; the bricks were so poor that after reaching the third story the bottom crushed out and the whole pile came down, covering up several patients in the lower room, which was used as a hospital. Being close by I was at the door in a moment, and allowed a sufficient number of men to clear away the rubbish and exhume the men. The commandant of the post came on the fence and called some of the guards to disperse the crowd—probably fifty persons stood about the door who immediately went away. Some minutes after two men came walking across the yard toward the hospital, one a patient of the convalescent ward—before these men were within fifty feet of the building, and without any warning whatever, the guards fired, wounding both of them. The act was considered and denounced as atrocious by one of the rebel surgeons, and it was the belief that the commandant—Major Gee—gave the order to shoot. One of these men died and the other was in a precarious condition when I last saw him.

REBEL TREATMENT OF DEAD PRISONERS.

The disposition of the dead was always to us very painful. The rebels came in wiht a wagon and took the corpses out in loads piled two and three high—throwing them about as dead brutes—no coffins were ever furnished, except for a few citizens. I had some difficulty in procuring these, and in answer to all my applications, Quartermaster Mason Morfit replied, "We don't furnish coffins for Yankees;" but by perseverance and the plea that these men had been long in prison and had been well behaved, I got an order for the coffins from another officer. The men were buried in trenches and no mark or number was made to distinguish one from another. None of us were ever allowed to go to the graveyard, although frequent applications were made to follow a brother or dear friend to his last resting place.

IMPRISONED NORTHERN CIVILIANS AT SALISBURY.

There are at Salisbury prison about one hundred and seventy citizens of Northern and border States. Those of the Northern States were captured in Maryland and Pennsylvania, and some on board of small vessels at sea. These men have been imprisoned for many months—many a year and a half. The rebels have no charges against them, but hold them, as they say, as "hostages for the good treatment of Confederate prisoners in the North." These men are all highly respectable, and some of them gray with age. They are fed as scantily as the soldiers, but have shelter. Their quarters are in a two and a half story house about 18x20 feet in size. Each room is very much crowded; all sleep on the floor, and have to lie so close that there is no room to step among them. The health of many is becoming much impaired from their treatment, and when I left several were lying on the floor sick and without medical attendance from the rebels. Two young medical students—Federal prisoners—Dr. Parker and Dr. Kauffman, were bestowing much care and attention upon the sick men, and their professional services were invaluable to many of the soldiers. The citizens of Maryland, North Carolina and Tennessee are charged with being traitors to the so-called Confederacy, and have been told that they are to be held until the rebels get possession of the States to which they belong, when they will be tried by the State Court for Treason. These threats do not intimidate them, and they remain steadfast to the cause of the old Union. The citizen prisoners of the loyal States are almost without hope; they rejoice at news of an exchange, because of their desire for the release of the soldiers. They have not been included in the cartel, and nearly all special efforts have proved unavailing, yet they bear their imprisonment and bad treatment with a fortitude eminently commendable, and continue to hate their oppressors to as great an extreme, as they love their own dear country.

This is the most delightful and extraordinary article ever discovered. It changes the sun burnt face and hands to a pearly satin texture of ravishing beauty, imparting the marble purity of youth, and the *distingue* appearance so inviting in the belle of fashion. It removes tan, freckles, pimples and roughness from the skin, leaving the complexion fresh, transparent and smooth. It contains no material injurious to the skin. Patronized by Actresses and Opera Singers. It is what every lady should have. Sold everywhere.

LYON'S KATHAIRON.

Kathairon is from the Greek word "Kathro," or "Kathairo," signifying to cleanse, rejuvenate and restore. This article is what its name signifies. For preserving, restoring and beautifying the human hair it is the most remarkable preparation in the world. It is again owned and put up by the original proprietor, and is now made with the same care, skill and attention which gave it a sale of over one million bottles per annum.

It is a most delightful Hair Dressing.

It eradicates scurf and dandruff.

It keeps the head cool and clean.

It makes the hair rich, soft and glossy.

It prevents the hair from falling off and turning gray.

It restores hair upon bald heads.

Any lady or gentleman who values a beautiful head of hair should use Lyon's Kathairon. It is known and used throughout the civilized world. Sold by all respectable dealers.

MEXICAN MUSTANG LINIMENT.

The parties in St. Louis and Cincinnati, who have been Counterfeiting the Mustang Liniment under pretense of proprietorship, have been thoroughly estoped by the Courts. To guard against further imposition, I have procured from the United States Treasury, a private steel plate revenue stamp, which is placed over the top of each bottle. Each stamp bears the *fac simile* of my Signature, and without which the article is a Counterfeit, dangerous and worthless imitation. Examine every bottle. This Liniment has been in use and growing in favor for many years. There hardly exists a hamlet on the habitable Globe that does not contain evidence of its wonderful effects. It is the best emollient in the world. With its present improved ingredients, its effects upon man and beast are perfectly remarkable. Sores are healed, pains relieved, lives saved, valuable animals made useful, and untold ills assuaged. For cuts, bruises, sprains, rheumatism, swellings, bites, cuts, caked breasts, strained horses, &c., it is a Sovereign Remedy that should never be dispensed with. It should be in every family. Sold by all Druggists.

DOTY'S CLOTHES-WASHERS

Are SIMPLE, DURABLE & CHEAP,

MAKE WASHING EASY, And SAVE CLOTHES.

These Washers were exhibited at the great New England Fair of 1864, won the admiration of thousands, and were awarded a splendid Diploma; also at the Wisconsin and Pennsylvania State Fairs of 1864, they were awarded the first premium.

To Wool Growers!

Wool fleeces may be washed in these Machines at the rate of *a fleece in two minutes,* without tearing them apart, and the wool brings the price of *tub-washed wool,* which is *five to eight cents per pound more* than that washed on the sheep. This is very important to every wool grower

They are recommended as the Very Best in Solon Robinson's great new work, "Facts for Farmers," by ORANGE JUDD, proprietor of the *American Agriculturist* and by other prominent men,

It gives us great pleasure to be able to afford these great household blessings at the following comparatively trifling cost, which is a reduction of about 20 per cent. on former prices:

Small Size, at Janesville,	$9.50
Family " "	10.50
Hotel " "	13.50

The above prices include Faucet. Machines with plug instead of faucet, 50 cents less.

Full Directions for Using are Attached to Each Machine.

Any person purchasing a Washer of us may return the same and have the purchase money refunded, if, after four weeks fair trial according to directions, it fails to give satisfaction.

Many of our Washers are now in use in Janesville, and we subjoin the following testimonials:

From Rev. G. W. Lawrence:

MR. DOTY—I confess I have been quite skeptical in regard to the utility of washing machines, until we gave yours a trial. Having tested it thoroughly, we are fully prepared to say, unsolicited, that we regard it as a capital machine. The principle upon which it works is the true one—removing the dirt effectually without injuring the clothes in the slightest manner. My wife endorses it heartily as a labor-saving machine, and considers it truly a "Paragon." With "Doty's Paragon Clothes Washer," and the "Universal Clothes Wringer," washing day is no longer dreaded as in days of yore. G. W. LAWRENCE.

JANESVILLE, Nov. 11th, 1864.

Messrs. Doty Bros.:

GENTLEMEN—I have had in use one of your Washing Machines since May last. We have tried other inventions but they have invariably proved worthless, after a few weeks use. Yours is the only invention that has stood a satisfactory test in my family. It works admirably, and is a great labor saving machine; while in point of economy it has no equal. It has more than saved its cost already in the diminished wear of clothing, as compared with any other process of washing with which I am familiar. No family can well afford to be without one. Yours truly,

Sewing Machines.

WILCOX & GIBBS' SEWING MACHINE!

Will Stitch, Hem, Fell, Tuck, Cord, Bind, Braid, Quilt and Embroider beautifully. It will, with the finest needle and thread, run from perfect work on the finest Nainsook, over the heaviest beaver cloth and cowhide, with no change of needle, thread or tension.

Wilcox & Gibbs Sewing Machine

will use coarse *cotton, linen, silk and twine.* It runs easier, faster and stiller than any other machine. It forms a flat, even and elastic seam, differing from every other stitch, each loop being *twisted* by means of the

"ROTATING HOOK,"

and drawing the twist *into the goods,* thus securely fastening every stitch, so that the seam will bear to be cut at frequent intervals, and in that case even, the seam is warranted NOT TO RIP in wear, and under all circumstances to "*survive the washtub.*" Old worn out family garments, bosoms, pants, dresses, &c., have been submitted to Committees at Fairs where was the *greatest competition,* and to THIS STITCH premiums have been awarded for its SUPERIORITY, DURABILITY, ELASTICITY and BEAUTY.

A Patented Device *prevents the possibility of the machine being run in the wrong direction,* or the balance wheel ever wearing or touching the dress. By another ingenious Patent improvement,

The Needle Cannot be Set Wrong,

Thus avoiding the great trouble of other machines. In this it is so easy that a child may set it in the dark with unerring correctness every time.

NO BREAKING OF NEEDLES.

The blade of the needle is less than ¾ of an inch long, and is straight. It is less than half the length of other machine needles, many of which are curved, therefore more easily bent or broken—a great source of annoyance, expense and trouble. The Hemmer and Feller can never be set wrong. Any one may adjust them *in the dark.* The hem may be of any width. No other hemmer or feller is like this. It turns the hem on the right or upper side, as you want it.

IT WILL NOT DROP STITCHES;

As the needle is always set right, the blade short and straight does not vibrate, like longer ones.

Wilcox & Gibbs Sewing Machine

Is run by steam at 4000 stitches per minute—other machines only at 400 to 1200, with safety. They are manufactured with

MATHEMATICAL PRECISION,

Hence each part is interchangeable, and can be readily placed in case of accident.

THEY WILL NOT GET OUT OF ORDER

We have known it intimately for several years. Many thousands are already in use here, and so far as we know, not one in family use has ever cost a dime to repair, or ever been out of order at all. They will last a generation, if properly cared for. None who have used it can be persuaded to use any other.

Wilcox & Gibbs Sewing Machine

Works at an instant's notice, and never stops "unaccountably." Not one operator in ten on the Wilcox & Gibbs will break a needle or drop a stitch in a year. The Wilcox & Gibbs in the hands of any one, knows no "skips," "drops," "jumps" or "misses." The soundness, evenness, durability and beauty of its stitch

WERE NEVER EQUALED.

Its rapidity, absolute stillness, ease of motion, narrowness and neatness of its Hem and Fell were never approached by any other machine. We can call in any boy or girl from the street, and with three minutes instruction they will set the needle, attach the Hemmer, or Feller, and do the work, with entire success. A blind girl, with the exception of threading the needle, can do the same. Many ladies owning other first-class machines, come to one office to do their fine hemming and felling on the Wilcox & Gibbs Machine.

The press universally pronounce this the best family sewing machine in the world.

We are General Agents for

BARNUM'S SELF-SEWER,

FOR ALL SEWING MACHINES.

It guides the work itself, thus avoiding the bent posture and strain on the eyes. Price $1.50. Large discount to Agents.

Editors who desire one of these machines on half advertising contracts, can insert this advertisement, send us their paper, and get a machine at any time.

We take other machines in exchange. We sell Oil, Cotton, Silk, Twist and Needles for every kind of sewing machine.

We attend to the repairing of all kinds of machines.

Price of Machines, with hemmer, feller, gauge, oil can, extra needles, full directions, &c., from $55 to $175.

JANESVILLE DAILY GAZETTE.

DAWN OF PEACE.

[For the Gazette.]

Calm thy wildness, bounding spirit,
Nor command thy joy to cease;
Thou hast waited long to hear it.
Hear the gladsome sound of peace;
And behold its dawning nearer;
Breaks the darkness from the sky;
Bright its twilight ray appeareth
Praise the Lord, the morn is nigh!

Long we prayed and hoped and waited,
For the dawning of the day,
When the spirit, sorrow freighted,
Might its sorrow roll away.
But the night, so dark and dreary,
Gave no promise of the dawn,
Till the spirit, worn and weary,
Felt its last hope almost gone.

But the light is breaking slowly;
Lo! see the clouds their deepest shade;
God hath heard his children lowly,
While in darkness they have prayed.
Raise the shout of exultation!
For beneath his chastening rod,
Purified, behold our nation,
We lead in blood, shall honor God!

Only mourn: and yet the spirit
Trembles with a thrill of bliss:
O, the noonday I can wear it,
With its greater joy than this!
Can it be—O, thought of glory!
That the tramp of war shall cease?
That his mantle, red and gory,
Shall withdraw, revealing peace?

Man no more shall hunt his neighbor,
As the hound his scented prey,
But shall learn in love to labor
For their good he sought to slay.
Hushed shall be the shock of battle;
Stilled the cannon's booming roar;
Peace shall cal m the conflict's rattle,—
Peace shall reign forever more!

Home returning heroes sharing
Blessings of a grateful land,
For their deeds of noble daring,
'Neath their banners proudly stand!
Earth sends up a shout of glory;
Heaven re-echoes it again,
Till all hearts have learned the story,—
"Peace on earth good will to men!"

Wait the open arms of mothers,
Wait the sister and the wife,
Wait to greet returning brothers
Sons and husbands from the strife.
Gladness tears are quickly stealing
Down the veteran soldier's cheek;
Through his tears are smiles revealing
More of joy than words could speak.

But alas! how many lonely
Bleeding hearts shall wait in vain:
Wait to hear this message only,
"He shall never come again."
They are freedom's great peace offering,
Slain a sacrifice for sin;
That the nation, through their suffering,
From transgression might be clean.

Aye, the morn of peace is coming;
If we read the signs aright:
Darkness fast is disappearing;
Lift the gloomy shade of night.
In the bugle's rally hear it,
Read it 'mid the battle's smoke;
Render thanks, exulting spirit,
God's own voice the mandate spoke!

IRRITATION OF THE NECK OF THE BLADDER, INFLAMMATION OF THE KIDNEYS, CATARRH OF THE BLADDER,

STRANGUARY AND BURNING, OR PAINFUL URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of the Constitution Water will relieve you like magic.

PHYSICIANS

Have long since given up the use of buchu, cubebs and juniper in the treatment of those diseases, and only use them for the want of a better remedy.

CONSTITUTION WATER

has proved itself equal to the task that has devolved upon it.

DIURETICS

irritate and drench the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful for curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician.

IN DYSMENORRHŒA, OR PAINFUL MENSTRUATION, AND MENORRHAGIA, OR PROFUSE FLOWING.

Both diseases arising from a faulty secretion of the menstrual fluid—in one case being too little and accompanied by severe pain, and the other a too profuse secretion, which will be speedily cured by the Constitution Water.

That disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and abdomen, at times accompanied by sharp, lancinating or shooting pains through the groins, which, in all cases, no medicine

There is another class of symptoms arising from IRRITATION OF THE WOMB, which physicians call Nervousness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease or the disease the symptoms. We can only enumerate them here. We speak more particularly of Cold Feet, Palpitation of the Heart, Impaired Memory, Wakefulness, Flashes of Heat, Languor, Lassitude, and Dimness of Vision.

SUPPRESSED MENSTRUATION,

Which in the unmarried female is a constant recurring disease, and through neglect the seeds of more grave and dangerous maladies are the result; and as month after month passes without an effort being made to assist nature, the suppression becomes chronic, the patient grad ually loses her appetite, the bowels are constipated, night sweats come on, and consumption finally ends her career.

READ WHO SAYS SO:

From the Hon. Thomas B. Florence.
From the Hon. Thomas B. Florence.
From the Hon. Thomas B. Florence.

WASHINGTON, Jan. 1st, 1864.

Gentlemen:—Having stated it verbally to you, I have no hesitation in writing the fact, that I experienced marked benefit from your Hoofland's German Bitters during the session of Congress, preceding and onerous duties nearly prostrated me. A kind friend suggested the use of the preparation I have named. I took his advice, and the result was improvement of health, renewed energy, and that particular relief too much needed and obtained. Others may be similarly advantaged if they desire to be.

Truly your friend, THOMAS B. FLORENCE.

From **John B. Withersham,** Esq., firm of Withersham and Hutchinson, the celebrated manufacturers of fancy Iron Works, 259 Canal street:

I am the recipient from you of one of the greatest favors that can be conferred upon man, viz., that of health. For many years have I suffered from one of the most annoying and debilitating complaints that the human family can be afflicted with, Chronic Diarrhœa.

During the long time I was suffering from this disease, I was attended by regular physicians, giving me but temporary relief. The cause seemed to remain until I was induced to try Hoofland's German Bitters. After the use of a few bottles of that valuable medicine, the complaint appeared to be completely eradicated.

I often inwardly thank you for such a valuable specific, and, when I have an opportunity, cheerfully recommend it, with full confidence in its reliability.

Truly yours, JOHN B. WITHERSHAM.
New York, Feb. 2, 1864.

From **Julius Lee,** Esq., firm of Lee & Walker, the most extensive Music Publishers in the United States, No. 722 Chestnut street, Philadelphia.

February 8th, 1864.

Messrs. Jones & Evans—Gentlemen: My mother-in-law has been so greatly benefitted by your Hoofland's German Bitters that I concluded to try it myself. I find it to be an invaluable tonic, and unhesitatingly recommend it to all who are suffering from dyspepsia. I have had that disease in its most obstinate form—flatulence—for many years, and your Bitters has given me ease when everything else had failed.

Yours truly, JULIUS LEE.

From the Hon. Jacob Broom.

PHILADELPHIA, Oct. 7th, 1863.

Gentlemen:—In reply to your inquiry as to the effect produced by the use of Hoofland's German Bitters in my family, I have no hesitation in saying that it has been highly beneficial. In one instance, a case of dyspepsia of thirteen years' standing, and which had baffled the very distressing, the use of one bottle gave the it seems, has continued the cure, for there has been no symptoms of its return for the last six years. In my individual use of it, I find it to be an unequalled tonic and sincerely recommend its use to the sufferers.

Truly yours, JACOB BROOM, 1707 Spruce.

From **Rev. W. D. Seigfried,** Pastor of the 12th Baptist Church:

PHILADELPHIA, December 26th, 1863.

Messrs. Jones & Evans—Gentlemen: I have recently been laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and whose favorable mention of the Bitters induced me also to try them. I must confess that I had an aversion to Patent Medicines, from the "thousand and one" quack "bitters," whose only aim seems to be to palm off sweetened and drugged liquor upon the community, in a sly way; and the tendency of which, I fear, is to make many a confirmed drunkard. Upon learning that yours was really a medicinal preparation, I took it with happy effect. Its action not only upon the stomach, but upon the nervous system, was prompt and gratifying. I feel that I have derived great and permanent benefit from the use of a few bottles

Very respectfully yours, W. D. SEIGRIED,
No. 254 Shackamaxon Street.

From the **Rev. Thos. Winter,** D. D., Pastor of Roxbury Baptist Church:

Dr. Jackson—Dear Sir: I feel it due to your excellent preparation, Hoofland's German Bitters to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so, and have experienced great and unexpected relief; my health has been very materially benefitted. I confidently recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects.

Respectfully yours, E. WINTER,
Roxbourough, Pa.

From **Rev. J. S. Herman,** of the German Reformed Church, Kutztown, Berks county, Pa.

Dr. C. Jackson—Respected Sir: I have been troubled with Dyspepsia nearly twenty years, and have never used any medicine that did me as much good as Hoofland's German Bitters. I am very much improved in health, after having taken five bottles.

Yours, with respect, J. S. HERMAN.

These Bitters are prepared, in pure Bourbon Whiskey, from a combination of over twenty different kinds of roots, barks and herbs, which act in perfect concert one with other, prepared from the original formula given by the great chief, Red Jacket, to Dr. Chapin, who used them successfully in his practice for many years, and by their use gained so great a popularity in the treatment and cure of Dyspepsia, Liver Complaint, Constipation, Sick and Nervous Headache, Fever and Ague, and all diseases arising from torpid liver or indigestion. SECOND WARD.—Do not forget the meeting at the Court House THIS EVENING. The progress that has been made in filling the quota will be reported.

LOST.—Yesterday afternoon, either on Main or Milwaukee streets, a brown Moire Antique Belt Ribbon with a pearl slide. As the slide was highly valued as a present from a friend, you will confer a great favor on the owner by leaving it at this office.

AN oyster supper and other refreshments for the benefit of the North Janesville Soldiers' Aid Society, will be given at the residence of John Jones, in the town of Janesville on Wednesday evening, February 15th, 1865.

All interested are respectfully invited.
d2t* BY ORDER OF COMMITTEE.

WE ARE informed that the Lecture Committee of the Young Men's Association have been for several weeks making every effort to engage John B. Gough to deliver a lecture in this city; but his previous engagements were such that they have been unable to accomplish their purpose. In the early part of the season the association might have secured him, but his charges $200 per night, would have rendered the expenses of the lecture so great that it was deemed inadvisable in view of past experience to make the engagement. An effort is now being made however, which, it is hoped, will result in enabling the citizens of Janesville to hear this distinguished orator before he leaves the West.

In the meantime, we would suggest to the committee that they engage Mr. A. D. Richardson of the N. Y. *Tribune* who has just been released from an eighteen month's confinement in the rebel prisons of the South. His lecture would draw largely. He may be addressed at the *Tribune* office.

SUDDEN DEATH.—Miss Louisa Palmer met with a very sudden death last evening while skating on the pond near the depot in the First Ward. The deceased had been suffering from a lung difficulty for some time, and was not feeling very well on Wednesday, but no serious consequences were entertained. Last evening after having skated a few minutes, the young man in company with her, noticed her sink down in a fainting fit, as he supposed, and went immediately to her assistance. Some little efforts were made to restore her to consciousness, but failing in these, she was carried to the house of Dr. Barrows near by, quite dead. Physicians were immediately called who pronounced it a case of congestion of the lungs—attended with a disease of the heart, probably. Of course there are a large number of conflicting rumors afloat in regard to the sad affair—such as that the deceased fell upon the ice fracturing her skull, and that her death was caused by coming in violent contact with another person, &c. &c.; all of which are untrue.

Miss Palmer was in her 19th year. Her father is a member of the 12th Battery.

Letter from Magnolia.

Editors Gazette:—I have read with interest the communications from several towns in the county, and have looked weekly for one from Magnolia; but as none of our adepts seem interested in the affair, I assume the privilege of giving you a brief sketch, which, of course, you are at liberty to give place in your columns or not.

Magnolia is in the west tier of towns in in the county, and due west of Janesville She is intersected by the Madison branch of the Chicago & Northwestern Railway, which has a depot located in the east part of the town, where Mr. George Howard has purchased and shipped to market several thousand bushels of grain during the past season, and I am told has a large quantity on hand waiting shipment.

We have two post-offices in town. The one at the station is called Cainville, which by the way, did not derive its name from Cain who killed Abel, but from our worthy fellow-citizen, S. C. Cain, Esq., on whose premises it was located. Magnolia Corners, a small village situated one and three-fourths miles west of the railroad, has a church, store, hotel, blacksmith shop and two shoe shops. We polled at the last election one hundred and eighty votes, one hundred and forty-two of which were Union, and the rest rather "coppery." We have a Good Templar's Lodge with nearly one hundred members, but not a drunkard manufactory in the place. The indispensible *Gazette* is found in nearly every family. Several citizens have contributed liberally for the benefit of our noble boys in uniform, but we are laboring without the advantage of a regularly organized Aid Society. MAGNOLIA.

ON ALL sides we hear the merits of the Grover & Bakers Sewing-Machine extolled. The ladies declare it the "very best," and prove it to us in so many undeniable facts that we are bound to confess our conviction of the truth of the declaration. What other machine will embroider so beautifully, braid so elegantly, hem so faultlessly, quilt so evenly, stitch so accurately, gather so regularly, operate so easily? *None*, we conscientiously affirm.

CANCERS!

They have had an extensive practice and wonderful success in the treatment of Cancers, which they CURE without eating them out or using the Knife. Let those who have

TUMORS OR SWELLINGS,

or a red spot lose no time in having it attended to, as a timely treatment may save them from the horrors and suffering and death of an open cancer.

CATARRH CURED!

They are treating Catarrh on a new system which is a

SURE CURE FOR THIS DISEASE!

Experience has proved that Catarrh *cannot* be cured by *local* treatment *alone*; hence, the many advertised cures for Catarrh, all of which are local remedies, give relief *only* while the patient is using them, but *never cure*.

Understanding the disease and we know it *cannot* be cured by local treatment *alone*, therefore, we also prescribe a *constitutional* remedy to be taken, and by the combined *local* and *constitutional* treatment we are enabled to remove the *cause* of *Catarrh*, and thereby effect

A PERMANENT CURE.

THEIR CONSULTATIONS for years have averaged from five to seven thousand a year, which gives them an experience unsurpassed by any, and equalled only by a few.

Remember they do not promise to cure all stages of Disease. While all diseases are curable, if taken in season, all stages are not. Your case may be curable this week, not next—to-day, not to-morrow; hence the danger of delay.

No case will be received, when there are any doubts of Cure or Relief.

Our Terms are Cash; hence the money must be sent with all orders for medicines. It costs from five to fifteen dollars per month, to doctor with us, which includes medicines

The poor will be favored.

CONSULTATION FREE.

Patients must write their name, State, post office address, plainly. All letters requiring an answer must contain a letter stamp, and be addressed to DR. KNAPP & SON, Drawer 6183 Chicago, Ill.

Any of the above diseases can be treated successfully by the patients' describing their case in a letter, when they cannot see us.

GOTTSCHALK ON KNABE.

[Translated from the French.]

Since having played on the Pianos of Messrs. Knabe & Co. it is impossible not to bear testimony to the qualities which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow. I crystalline, and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal if not superior to the best manufactured in Europe or this country by the most celebrated makers.

Signed, L. M. GOTTSCHALK

Persons unacquainted with the Melodeon and its history, will bear in mind that we are the pioneers and leading manufacturers, not only in the United States, but in the world. We commenced the manufacture of Melodeons in the fall of the year 1847, and since that time have finished and sold

THIRTY THOUSAND!

These instruments are now in use mostly in the United States and Canada also in Europe, Asia, Africa, South America, and the West Indies, and from all these quarters we have the most flattering testimonials of the high estimation in which they are held. At all Industrial Exhibitions, they have invariably been

AWARDED THE HIGHEST PREMIUM!

whenever exhibiting in competition with others. We shall take pleasure in forwarding by mail (at our own expense) our Illustrated Catalogue, in which every instrument we manufacture, is fully described and illustrated by elegant engravings.

All Melodeons of our manufacture, either sold by us or dealers in any part of the United States or Canada, are warranted to be perfect in every respect, and should any repairs be necessary before the expiration of five years from the date of sale, we hold ourselves ready and willing to make the same free of charge, provided the injury is not caused by accident or design.

CAUTION.

We daily see advertisements of some new reed instrument, with strange name purporting to be superior to Melodeons and School Organs. A new exterior and a new name will naturally attract attention; but the public will bear in mind that *all Reed Instruments*, now manufactured in the United States and Canada, are, *as near as they can be made without infringing our patents*, copies of our own.

Agents for the sale of our Melodeons can be found in all the principal towns of the United States and Canadas. Address either
